

## ARLINGTON SEEKS RELIEF FOR TEACHERS' HOUSING

### Taxing bodies win right to boost collections

#### Court allows increase over previous limit

Cook County's 460 suburban taxing units won the right to collect higher taxes for 1946 Wednesday in an Illinois Supreme Court decision.

If the high court's ruling had been adverse, their tax collections would have been limited to a slight increase over those collected in 1942 despite considerably higher assessed valuations.

In dispute were two divergent formulas for local taxing bodies to use in figuring their 1946 tax levies. These formulas were contained in one of the Butler tax laws, enacted by the 1943 General Assembly, which were designed to insure uniform 100 per cent property assessment throughout the state.

The Supreme Court opinion, written by Justice Loren E. Murphy, held that Cook County's local taxing bodies could determine their 1946 levy by applying this formula:

Take the full property value as determined by the State Department of Revenue, multiply this by the 1942 county assessment ratio, and apply the maximum 1945 tax rate.

Attorney Thal, until he receives a copy of the court decision, was unwilling Wednesday afternoon to give an opinion as to how the decision affects Arlington Heights. Arlington held a validating tax levy election, but Palatine defeated it.

As an example of how the ruling will affect Cook County taxing units, Justice Murphy explained its application to the Village of Park Ridge, which was involved in the suit.

In 1942, Park Ridge's assessed valuation was \$32,300,000 and the village collected \$67,000 in taxes.

In 1946, the assessed valuation had increased to \$39,854,585, largely in the construction of new homes to house workers in nearby war plants.

Had Park Ridge been bound by the 5 per cent increase limitation, it could have collected only \$70,350 for its 1946 operation.

But, under Wednesday's ruling, Park Ridge now will be able to collect \$85,618 for 1946.

The same situation will apply to all the suburban villages in Cook County, the suburban school boards, park districts, mosquito abatement districts, and similar taxing units.

The ruling freed county clerks to proceed with the preparation of the 1946 tax bills, which most of them had held up while awaiting the Supreme Court's ruling.

Michael J. Flynn, Cook County clerk, said that 10 days would be required to figure the suburban rates on the basis of the ruling.

Flynn's statement indicated that there probably would have to be a month's postponement of the penalty date on the payment of the first installment of real estate and all personal property taxes for 1946. This would move the date to June 1, instead of May 1.

#### State police get orders to arrest stop sign violators in this area

State police officers have received orders to arrest all autoists who do not come to a full stop at a stop sign. Sgt. Gruzinski who has charge of this area told Paddock Publications this week that the drive against stop sign violators is because accidents have more than doubled and a great many of them occur when motorists do not obey the signs.

#### Many overloaded trucks

State police are also conducting a campaign against overloaded trucks. Operating in the Rand road area Saturday, they sent 58 trucks to Arlington Heights municipal scale. Thirty per cent of them were overloaded. A total of 125 trucks were stopped that day, many of them were tested on the highway.

#### Safety stickers necessary

Failure to display safety stickers on trucks has also brought a lot of truck drivers before the judge. "The state highway department means business," says Gruzinski, "and it is up to the officers to impress that fact upon motorists and truck drivers."

#### Why not a woman on school board?

There is an opportunity this year to place a woman on the Arlington Heights high school board. There has never been a woman on that board since it was organized over 20 years ago. Paul Collins is not a candidate for re-election and Mr. Klehm, representing the rural district, is also not a candidate.

Perhaps some people have forgotten that there is any such thing as Woman's Suffrage in this country so far as school management goes. The women of Arlington Heights, through the P. T. A., have taken an active part in the elementary school and there is no reason why they should not have representation on the high school board.

Politics should be kept out of school elections, but with existing vacancies interested women have an opportunity this year to place one of their number on the board.

#### Woman's club first contributor in Red Cross drive

First campaign contribution in the Red Cross drive in Arlington Heights was presented to Nat Burfeind, fund chairman, by the Arlington Heights Woman's Club. Raymond R. Robeson was the first district captain to complete solicitation in the West Campbell street area. Thus the local Red Cross campaign stepped off in rapid stride.

"Canvassing of the village will probably be completed by the middle of next week," stated Mr. Burfeind. "Response by home owners and business men have shown that the public is backing the Red Cross to the limit."

A summary of the work of the Red Cross during the past year has been called "the story of the heart of America." Here are a few excerpts—

Here is the story of Tom who was blind and disfigured, and whose little girl, not more than six came to see him . . . it is the story of the Red Cross girl at the hospital who talked and explained to the child that she mustn't notice, that her father would be better soon, that all he wanted now was to have her near him. When she took the child in to her father, the little girl ran to him and threw her arms around his neck. "Daddy," she cried, "Daddy, it's me—and I'm so glad to have you back."

And here is the story of Jim, one of the large army hospitals, who one day asked an Arts and Skills instructor to teach him to weave. At the end of the day, he'd got a scarf well under way. "I'll be back tomorrow afternoon," the volunteer Red Cross instructor told him. "Don't bother," said Jim. "I won't be able to do anything. I have a major operation first thing in the morning." The instructor didn't understand. "You see," he explained, "I started this because I wanted something to come back to, some reason for getting well."

And then there were the 270 disasters in the United States last year which found the Red Cross giving assistance to 136,000 individuals.

These are only a few paragraphs from the vast chapter of service to humanity written by the Red Cross last year.

#### RFC to sell 255 lots in Scarsdale March 27

The Reconstruction Finance Corporation will sell 255 lots in Scarsdale on March 27. This is not a foreclosure. The buyer will take title subject to outstanding general and special assessment taxes. The lots came into the hands of the RFC thru the Central Republic Bank. Some of the lots are clear of all special assessments, others have many years delinquencies charged against them.

The lots will be offered collectively and individually, but the total amount bid must be \$80,000 or more.

#### Early morning fire causes \$1,000 loss

An overheated oil stove pipe is blamed for a fire at 3 a. m. Monday morning at 1305 North Dunton st., Arlington Heights. The firemen experienced some delay in opening a fire hydrant, but by the time hose was attached to the second hydrant the first one was in operation.

The residence is occupied by Mr. and Mrs. Mayer and their son who resided on the second floor and Clarence Zinkel who resided on the first floor. The greater part of the damage was done to the second floor where the loss on furnishings was considerable. The down stairs furniture was removed.

#### Judge Neuman fines own nephew

Judge Wm. Neuman may be an uncle to a young man, but when that man is taken before him, charged with driving 75 miles an hour on the Northwest Highway, "Uncle Bill" became Judge Neuman, who inflicted a \$50 fine, thirty-five dollars of which was suspended. The nephew, Robert Deiber, had three boys in the front seat. He will walk for sixty days—no bike and no drivers license.

There were other speeding cases before Judge Neuman, Wednesday morning. Wm. N. McManaway of Mt. Prospect R. F. D. 1 was picked up Saturday, March 8 doing 58 miles an hour in a thirty mile zone with no driver's license. The following evening he was picked up a second time. His car had no tail or head light and almost hit the squad car. He was also booked for "no drivers" license. Fines were \$17 for first offense and \$100 and costs for the second offense. Seventy-five dollars was suspended and drivers license revoked for sixty days. His father paid a total of \$42.

#### Lecturer gets a cold reception

The three hundred or more people who came to the Arlington Heights high school Sunday night to see and hear Mrs. Julian Gromer and her pictures of Mexico had a rather cold reception for nearly half an hour while members of the Woman's Club board hunted up the janitors and secured the key to open the gymnasium. The hall was also unheated, but the janitors did their best to provide the warmth as quickly as possible.

The committee had reserved the gymnasium for March 9th last fall and had left the rental check a few days earlier. Somebody slipped, but the quality of the pictures warmed the spirits of the audience even if the high school machinery had slipped a cog.

#### Faculty vs. 'A' club Tuesday night at Arlington high

The annual basketball battle between the faculty men and members of the "A" club is scheduled for this coming Tuesday night in the Arlington Hts. high school gym.

Last year the local high school "pros" donned cage suits and took the "A" club to camp easily. This year may be another story, with the "A" clubmen out to wrest revenge. Outstanding feature of last season's tilt was the ridiculous costumes worn by the faculty when they first came on the floor.

Proceeds of Tuesday night's game, which starts at 8 p. m., will be used to buy athletic awards. Card varsity players are not eligible for this game.

#### To discuss essays by Montaigne

The Arlington Heights Great Books Discussion Group will meet Tuesday evening, March 18, in the high school library. Selected essays by Montaigne will be discussed.

#### It's wading time . . .

Beverly Freytag, Arlington Heights coed who took the dare of chums and went wading on Arlington's main business thoroughfare, Campbell street, Tuesday afternoon. Two foot dikes of snow and ice have many of the sidewalks and crossings under water while shoppers take to the "dikes" or the street. The condition will get worse unless the sun can get over the top of the buildings or interested property owners or street employees get busy with pick axes.

#### C of C elects officers; outlines year's activities

Arthur Franzen was re-elected president of Arlington Heights Chamber of Commerce Monday evening by the newly elected board of directors. Other officers are Douglas Brown, vice-president; Ray Yosten, secretary and Walter Krause, treasurer.

The board discussed a number of civic projects that need doing. The most immediate need is the erection of a bus shelter on the C. & N. W. land at Northwest Highway and Evergreen. The board members all agreed that the shelter is more than a necessity. "More and more people are using the busses," said Secretary Yosten, "and an attractive shelter bearing the legend, Arlington Heights, the City of Good Neighbors," will be a good advertisement for the community. Mr. Yosten offered to ask the cooperation of various bus companies which pass through town.

The board discussed the need of a credit bureau. "The importance for such an organization is evidence that the economic life of the area is getting back to normalcy," said President Franzen. "The amount of sales of the future will depend a great deal on how well the local merchant is prepared to give credit which becomes a risk without a good credit bureau."

The first effort of the board of directors will be directed towards a large paidup membership.

This Saturday, March 15, at 2 p. m. there will be a bake sale in the Public Service store, corner of Vail and Campbell avenues, Arlington Heights. The sale is being sponsored by the Martha Circle of the St. John's church.

#### PTA panel to discuss 'state aid' facts Tuesday

Everyone is willing to agree that an educational crisis exists; what is needed now is a program for action. United effort is bound to bring pressure to bear in putting over proposed school legislation in Springfield.

Step one in the right direction is to become acquainted with the facts. Therefore, members of the Parent-Teacher Association invite all interested parties in the community to be at the North school auditorium Tuesday evening, March 18, at 8 p. m., to listen in on what promises to be an informative panel discussion on "School Legislation."

Richard Morrow, PTA legislative chairman, will act as chairman and moderator.

N. M. Lattof, representing the board of education, will present

#### Arlington Heights Host to PTA Council of N. W. Suburbs Friday

The PTA Council of Northwest Suburbs will meet at the Arlington Heights Field House on Friday March the 14th, at 9:15 a. m.

Mrs. C. B. Bydal of Mt. Prospect, president of the Council, will open the meeting at 9:30 and conduct a short business session.

Miss Marie Bell, who is Probation officer of the Juvenile Court of Chicago is to be the first speaker on a forum on child welfare.

The second speaker will be Mr. C. C. Parriott, Personnel Director of Maine Township High School. Mr. Parriott's subject is entitled, Facts of Child Discipline in the City of Chicago. He will discuss the effort on developing the Personality. Third and last speaker on the forum will be Mr. R. E. Clabaugh, Supt. of Schools of Arlington Heights, whose topic will be "Your Child and His Education."

A discussion period will follow and should prove very interesting to the audience.

The Northwest Council members are PTA members from Barrington, Palatine, Arlington Hts., Des Plaines East Maine, and Park Ridge.

Anyone who is interested in child welfare is welcome to attend the Council meetings, which are held in October, March and May of each year.

This Saturday, March 15, at 2 p. m. there will be a bake sale in the Public Service store, corner of Vail and Campbell avenues, Arlington Heights. The sale is being sponsored by the Martha Circle of the St. John's church.

#### Flu epidemic in high school drops

Illness made a lot of inroads in the attendance at the Arlington Heights high school the past ten days, but the number of absences is dropping daily. The greatest number of reporting sick at the peak of the epidemic was 185. Monday it was 80, 72 on Tuesday and 52 on Wednesday. Six is the largest number of teachers who have been absent. Only one was unable to report for duty Wednesday.

The elementary school is having similar absences this week, but not a startling number.

#### BABY BOY AT KNAACK'S

Mrs. Harry Knaack says that Mr. Knaack, Arlington's Buick dealer, is as proud over the baby "boy" born at their place this week as any father over a new son. It's an Arabian colt and Harry is passing around the cigars, if he has any left.

#### Get your village license or risk being fined

Since the deadline for village licenses March 1, 1947, the sale of village licenses has fallen short of expectations. Less than 30% of Arlington Heights dog owners have purchased their licenses while about two-thirds of the automobile owners have a vehicle license.

The customary courtesy calls by the police department will probably be discontinued and tickets will be issued after April 1. This is a final appeal to all to purchase your licenses and eliminate the necessity of paying a fine.

C. H. Skoog, Chief of Police.

#### Arlington Heights leads February home building

Although building permits issued in February continued to slump in suburban towns to almost one-half those of February of last year, Arlington Heights and Mt. Prospect doubled their home building report over last year. Arlington Heights led other communities in this area with permits issued for eight homes with a total valuation of \$73,500. Mt. Prospect was close behind with six homes to be erected at a cost of \$60,300.

Arlington Heights stood tenth among all suburban towns in the Chicago region.

Reports from other communities are as follows: Des Plaines, 2 homes, \$19,000; Palatine, 1, \$9,000; Morton Grove, 4, \$39,000; Niles, 1, \$10,000; Northbrook, 1, \$10,500; Skokie, 9, \$89,700; Glenview, 2, \$25,000; Bensenville and Barrington, none.

#### Resident gets quick action from street department

Chas. Rehfeld, a resident in Arlington Park, became so incensed Saturday over the manner in which a few subcontractors had left holes in the streets of that subdivision that he called on Judge Behrens prepared to start suit against any and all persons responsible for the damage.

The item that appeared in last week's Herald that the contractors would be asked to repair the damage did not satisfy Rehfeld.

Behrens used the phone to put the case before Alderman Studtman, who in turn promised that the repairs would be made before Tuesday. They were. The contractors will be billed for the costs.

#### Big windup for retiring trustee

Alderman Studtman who will retire from the village board next month, told a reporter this week that the item appearing in a recent issue that he "intended to windup all of the affairs of his committee, before he left office, had given him plenty to do."

Evidently the readers thought it was a good time to get things done," says Studtman, "because they have thrown a lot of undone jobs my way."

#### Lions club first to act on plea of high school board

The first step has been taken to solve the problem of Teachers' housing in Arlington Heights.

Acting with all speed on a plea from high school board members to back a program of financing low-cost rental dwellings for teachers, the executive board of the Arlington Heights Lions club voted unanimously to earmark for that purpose 80 percent of the proceeds from their "Womanless Wedding" program to be given April 17 and 18.

Similar appeals are being made to all local service clubs, including the Community Council.

At a meeting of the Council, Monday, it was the opinion of all members present that the distribution of Fourth of July Celebration funds should be brought up for further consideration with a view toward devoting an amount to the housing program.

Due to the fact that a quorum was lacking and that disbursement plans were already a matter of record, no official action was taken.

In addition to the cooperation from clubs and groups, the school board feels that individuals, too, will respond, as evidenced by the letter to "The Fence Post" published in the Arlington Heights Herald of February 27, in which \$200 was anonymously pledged to such a cause.

What form a housing program might take is a matter of conjecture at present. It has been suggested that a non-profit corporation be organized to buy land, make initial down payments on houses, perhaps of the pre-fabricated type and that rents be applied to pay off the entire balance of the mortgage.

#### Lattof elected to Presbyterian general assembly

Signal recognition comes to Arlington Heights in announcement of the election of Nicholas M. Lattof to the 159th General Assembly of the Presbyterian Church to take place the week of May 22 in Detroit, Mich.

Mr. Lattof was elected by the Presbytery of Chicago last week and prompt announcement followed by the Rev. C. Victor Brown, pastor of Arlington Hts. Presbyterian church. Mr. Lattof is one of 12 elders to be elected from Chicago and suburban territory, to attend with an equal number of ministers selected from the same area.

The program of the assembly will be wide in scope and constructive in nature, with measures building toward world understanding to be adopted. It is expected that phases of the economic situation will be included in the sessions, also. Representatives will be in attendance from all parts of the United States and its territorial possessions.

The local Presbyterian church has been one of Mr. Lattof's main interests since locating here some years ago. He is the son of a Presbyterian minister who was with the American Mission in Southern Turkey for many years. After his graduation from the University of Chicago, Mr. Lattof was made a secretary of the International committee of the Y. M. C. A. in Jerusalem, Palestine. One of the largest and most conspicuous establishments of its kind in the world, the Jerusalem Y. M. C. A. claimed his thought and energy for eight years, during which time it was built and its staff was organized. After this, he returned to the United States and located in Arlington Heights.

Educational and civic affairs, as well as church matters, are of vital interest to Mr. Lattof. His home is 212 N. Haddon where he and Mrs. Lattof enjoy the companionship of their three children, Irene, Warren and Dorothy.

#### Ed and Ted say 'thanks' after 17 years service to Arlington motorists

As announced in this paper last week Ed and Ted Witt have sold their gas station at State and Park street, Scarsdale. Ed is going to California and Ted will rejoin his family in Chicago. Seventeen years ago the station was opened by their father, Frank Witt. The two brothers, except when Ted was in the service, have been operating the station for several years.

"It is with regret that we leave Arlington," say Ed and Ted. We have many friends here that we will miss, to these we want to say "thanks." Perhaps some day we may be back in the City of Good Neighbors. Its citizens have treated us well. It has been a pleasure to service their cars."

#### Voters meeting Sunday at St. Peter church

A special voter's meeting is called for Sunday, March 16, to transact problems relating to Christian Day School at St. Peter church, Arlington Heights.

The International Lutheran Hour is making a special appeal for funds at the present time. Members are asked to use their Lutheran Hour envelope for February for this worthy cause.

#### Earn \$294 for public library book fund

The "all-at-once" card parties sponsored by the Arlington Heights Woman's club for the benefit of the public library book fund, netted \$294.25. There were 105 parties and 50 individual donations, all of which were responsible for the sum of money given to the library.

**St. Peters Lutheran girl scout and brownie news**

The Mothers Club of the St. Peters Lutheran school, Arlington Heights, sponsored its first Girl Scout and Brownie troop in 1942. Thirty Girl Scouts make up the present membership of Troop 1, which is under the leadership of Mrs. W. Rindlsbacher, Mrs. A. Sander and Mrs. W. Keiser.

An opportunity to see a play at the Goodman Theatre in Chicago is in store for this troop in the near future.

The girls are working hard to complete the Treefinder, Cooking and Clothing badge by the end of the school year. One of their most recent projects was the making of lapel pins.

**Brownie News**

The Brownie Troop is under the leadership of Mrs. E. T. Winkelman, Mrs. C. Relfeldt and Mrs. W. Rudolph. The girls have been receiving instruction in handicraft and cooking. They recently completed a snap shot album.

Monday, March 10, both girl scouts and brownies participated in the celebration at the fieldhouse commemorating the birthday of Juliette Love.

**Stopettes**  
fragrant deodorant pads

Fastidious women prefer this new method of ending perspiration anxiety. Simply pat one of these delicately-scented fabric discs underarm, and discard. A single application lasts for days—safeguarding skin and clothing.

Today, ask for Stopettes—the last word in anti-perspirants.

The reading room is located in the church building and is open Wednesday and Thursday afternoons from 1:30 to 4:30.

**CHRISTIAN SCIENCE CHURCHES**  
The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March 9, was:  
"MAN"

The Golden Text was:  
"As many as are led by the Spirit of God, they are the sons of God" (Rom. 8: 14).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:  
"In the beginning God created the heaven and the earth . . . And God said, Let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. So God created man in his own image, in the image of God created he him; male and female created he them" (Gen. 1: 1, 26, 27).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:  
"Question.—What is man?  
Answer.—Man is not matter; he is not made up of brain, blood, bones and other material elements. The Scriptures inform us that man is made in the image and likeness of God. Matter is not that likeness. The likeness of Spirit cannot be so unlike Spirit . . . Whatever is material is mortal. To the five corporeal senses, man appears to be matter and mind united; but Christian Science reveals man as the idea of God, and declares the corporeal senses to be mortal and erring illusions . . . Even though you aver that the material senses are indispensable to man's existence, or entity, you must change the human concept of life, and must at length know yourself spiritually and scientifically" (pp. 475, 477, 359).

**ST. JOHN'S EPISCOPAL CHURCH**

Thursday afternoon, March 13th, there will be a meeting of the Women's Auxiliary of St. John's at the home of Mrs. Roland Butler, 397 South Albert Street, Mt. Prospect. Dessert will be served at 1:00 p.m. followed by a business meeting.

**ST. JAMES CATHOLIC**  
North State Road  
Rev. Geo. Stier, Pastor  
Masses on Sunday and 7:00, 8:00, 9:00, 10:30, 11:30; on Holy Days of Obligation at 5:45, 7:00, 8:00, 9:00; on week days at 8 a.m.  
Holy communion will be distributed at all masses, also, on the first Friday of the month at 6, 6:30 and 7:00 a. m.

**Appoint committee chairmen for Cub Scouts**

Three new Den Dads were registered at the regular Pack Committee meeting held at the North School on Friday evening, March 7. Perry R. Thomas and G. N. Morrissey were introduced as the new Den Dads of Den 8 which meets every Friday evening at Mr. Thomas' home at 519 So. Vail Ave. Elmer Bahr was the third new dad to join in cubbing activity. Mr. Bahr will help Den Dad Richard Fox of Den 4.

Arthur Eppig, pack chairman, made the following appointments of committee chairmen:  
Program, Richard Michalski.  
Project and Handicraft, R. W. Fox.  
Planning, Rowland Laughlin.  
Properties, Joseph Crittenden.  
Baseball, Charles Doellefield.  
Publicity, V. L. Bedingfield.  
Plans were discussed to arrange for a motion picture record of future cub pack activities such as parades, picnics and baseball events. The movies of these events would be shown from time to time at pack meetings and would serve as an interesting record of cub activities.

E. J. Moritz, secretary of the pack committee, demonstrated a wire recorder which let all the den dads hear themselves as others hear them. The machine was voted a great success which might serve in emergency as an assistant den dad.

**STOP**

**IT'S NO FUN to drive with POOR LIGHTS**

Don't put up with dim, misadjusted lights—when you can enjoy driving with bright, properly focused lights—it costs no more in battery power. Our new Bear Head-light Tester is a scientific instrument that quickly tells how strong your bulbs are—whether they are in focus and what adjustments are necessary to obtain proper lights for safe, comfortable driving.

You'll be amazed at the difference a few simple adjustments can make in your headlights. This new tester gives an accurate test—no guesswork. It checks and double checks all adjustments. We guarantee this service. Stop in for a free check-up today.

**St. Peter church helps World Relief**

Aware of its obligation towards the work of charity thruout the world, St. Peter Lutheran church, Arlington Heights, under the leadership of its pastor the Rev. L. V. Stephan, established a World Relief committee last October. Elected to this committee were Messrs. Otto Adam, John Albrecht, Fred Rohlfing and Kurt Stoeckel. Since Mr. Albrecht's removal to Wisconsin, Mr. Wm. Neitzel has been added to the board. Mr. Stoeckel has served as chairman since its organization.

A great deal has been accomplished by the membership and great amount of work has been done by the committee. Contributions from the St. Peter Lutheran School children, its organizations and individual members total \$1065.00 for the support of 25 families in Europe, consisting of some 200 people, which the congregation "took under its wing" this past winter.

800 pounds of bulk clothing has been shipped overseas thru headquarters at St. Louis. Food packages totalling 171 have been ordered to these 25 families from the St. Louis depot. Since the middle of February the committee has been making direct shipments, having sent out 46 packages of clothing, weighing 11 lbs., 6 boxes of home made soap, and 5 food packages to individuals abroad. Having obtained the clothing and shoe sizes, they can more accurately supply them with the things they can use. To date almost 30 letters of acknowledgement and sincere gratitude have been received here.

**News of VFW Post 981**

The next regular meeting of the Arlington Heights VFW Post 981 will be held Friday night, at 8:30 in the village hall. Grand prize tickets for the Post's "47" program will be distributed at this meeting. Personnel to work on the program are also needed and members are urged to attend and offer their services. The Pot of Gold is \$10.40 and the winner must be present in order to get the prize.

The Post members wish to thank George Poole for the courtesy he extended them.

Plans are being made to hold the next "Smoker" April 18. Sound movies and the famous "Dutch Luncheon" will be features of the evening. Tickets are one dollar per person and the general public is invited.

May 3 has been set as the date for the Post's May Day dance.

**THE METHODIST MEETING HOUSE**  
(Where Good Neighbors Meet)  
N. Dutton at St. James Street  
Milo J. Vondracek, Minister  
Telephone 394-3

9:30 a.m. — Sunday Church School.

Friday, 7:30 p.m. — Confirmation class will meet in the church parlor.

**FAITH LUTHERAN CHURCH**  
Temporary Meeting Place  
Arlington Field House

A large attendance again participated in the service of Faith Lutheran Church on Sunday, March 9, 1947.  
Rev. Leverenz chose "Caliphans, the Religious Formalist" as the topic for his sermon, from which each listener could derive much food for thought.  
Miss Dorothy Heidorn was the soloist for the day. Her selection was that grand Lenten hymn, "Jesu, Refuge of the Weary." Mrs. Bau. Sander accompanied at the piano.  
It was announced that the Sunday School enrollment had been increased. Classes begin at 9:15 a.m.  
Church services are held at the Field House on Sunday, 9:45 a.m. A communion service will be held next Sunday, March 16 with a preparatory service at the Field House this Thursday, March 13th at 9 p.m.  
Announcement for communion will be received immediately following the preparatory service to be conducted by Rev. Luecke. Pastor of the English Lutheran church at Norwood Park.

**CHEVROLET**

**Again in 1946 . . .**

**FIRST IN SALES!**

**FIRST IN CAR SALES—FIRST IN TRUCK SALES**  
**FIRST IN COMBINED CAR AND TRUCK SALES!**

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars —more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best proof you can possibly have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck. Place your order—today!

**Pape & Guenther Bros. add feed line to their business**

Pape and Guenther Bros., who recently started out in the hay, straw and feed business on their own have been appointed representatives for Acme Feeds and Pratt's Feed Line. The new firm has contracted for a warehouse that they expect will be ready for occupancy by June 1st. They are branching out in the feed line to meet the demand of their customers. They will carry a full line of poultry, dairy, hog and other animal feeds.

**Final lecture program has pictures of trip**

A program completely different from the three which preceded it concluded the series of Sunday Evening Lectures last Sunday evening at the Arlington Heights high school. The executive board of the Arlington Heights Woman's Club presented as its final lecture a Julian Gromer travelogue of colored movies entitled Happy Go Lucky Mexico with Mrs. Gertrude Gromer as narrator.

Mrs. Gromer did an excellent job of pinch-hitting for her husband who flew to Africa last week to take pictures for a new travelogue of that part of the globe. Her pleasing voice and winning personality added greatly to the enjoyment of the pictures.

Many Mexican towns away from the well-traveled tourist path were included in Mr. Gromer's film. The native markets at Toluca, the cathedral of Taxco, the gardens at Cuernavaca, the boulevards and public buildings at Mexico City were woven into the picture along with the native schools and games, close-ups of the picturesque people, all of which add together to make Happy Go Lucky Mexico.

**'Sewing can be fun' topic at Woman's club**

Mrs. J. W. Eastman, American Home Chairman of the 7th district, presented the program at the regular meeting of the Arlington Heights Woman's Club last Wednesday afternoon at the fieldhouse. She prefaced her demonstration of "Sewing Can Be Fun" by a few hints on what makes the 1947 spring fashions outstanding, including flares and peplums, nipped-in waist lines, longer jackets on suits and longer skirts.

The sewing demonstration by Mrs. Eastman showed the step-by-step procedure in perfecting some dressmaking. The secrets of making perfectly fitting gored skirts, the famous Adrian shoulder pads, bound and worked button-holes, and of inserting zippers were carefully explained. In addition, Mrs. Eastman gave suggestions for overcoming other problems of the woman who sews, including patchings and shrinking new materials.

"Accurate detail in sewing makes expensive looking clothes," concluded Mrs. Eastman.

**Attendance pins awarded at Arlington Presbyterian church**

Sunday, March 9, the First Presbyterian Sunday School of Arlington Heights awarded honor pins and bars to pupils with outstanding attendance in the last year. Those receiving honors are as follows:

**RAMBLE INN 'N OUTINGS**

Bill North

The time is drawing nigh. The first great season of Ramble Inn is coming to a close. But a greater, bigger and better season is yet to come. The coming 47-48 Y. C. will sponsor exclusive Y. C. dances, lake cruises, roller parties and other events you won't want to miss. These activities will be restricted to Ramble Inn members only.

One dollar invested in a Y. C. membership will provide you with more enjoyment than any other investment you can make. Remember that date is March 25 when the big Ramble Inn registration drive begins.

Just a reminder that the Y. C. will not be open the night of March 15 because of the Shamrock Shag, a turnabout sponsored by the Sophomore class of Arlington High. There will be a floor show and the music will be by the Blue Notes. Tickets are on sale now and the time is 8:30 p.m.

Due to the Regional Tournament and other activities in which a large number of students took part, Ramble Inn was in limited operation this last week. The clean up committee for this week was Andy Kennedy, Joann Frisk and Bill Lasley. They did a big job well.

White Orchids are rare and lovely flowers so they rightly go this week to Barbara Tichy who is certainly one in a million. One of the most outstanding Freshmen at Arlington High, she is in the Pep Club, G.A.A., Dramatics Club, and Girls Club. In addition to that she is Vice-President of her class and was on the executive board for the Arlington Homecoming. But perhaps activities do not end there. She is also secretary of Ramble Inn and chairman of the Celan-Up Committee.

A great girl and a wonderful worker she is tops now and will remain so.

**Adults! Students! Take Notice.**

The Y. C. is planning a dance for YOU. It has been noticed that there isn't any place to dance to good music in a good atmosphere. The date is April 26. Plan to attend. You'll hear music by the New Yorkers, an orchestra which

**Woman's club style show March 25 at Heights fieldhouse**

A Pre-Easter showing of spring styles from the Emerald Shop in Arlington Heights will be held Tuesday evening, March 25, at the Arlington Heights fieldhouse. Current fashions for women will be only a part of the Style Show. Young models will also display what is new in dress for the six to twelve year olds and for the teenagers.

The proceeds of the Style Show, which is under the auspices of the American Home committee of the Arlington Woman's Club, will be used for the benefit of the Arlington Heights Public Welfare Fund. This fund is used to further the health program in the local schools and to aid the public health nurse.

Tickets for the Style Show will be priced at fifty cents and may be obtained from Mrs. J. H. Bridenthall, chairman of the American Home committee.

**Increase Egg Production**

Average production in the U. S. in 1934 was 118 eggs per layer. Ten years later it was up to 147 eggs per bird.

# Activities about Arlington Heights

Mrs. E. G. Nagel spent five days visiting with her brother, Fred Sengstock, and family in Milwaukee.

Laurel Lawbaugh, daughter of Mr. and Mrs. Roy Lawbaugh, spent the week end at home from Carroll college, Waukesha, Wisconsin. She had as her guest for the week end her roommate, Peggy Dempster.

Saturday afternoon Mr. and Mrs. Henry Collignon and children and Mr. and Mrs. Al Bahr and daughter, Linda, attended the Sports and Travel show in Chicago.

Mr. and Mrs. Ralph Saas and children spent Sunday in Chicago with Mr. and Mrs. A. K. Saas.

Michele Fairman, daughter of Mrs. Gladys Fairman, celebrated her third birthday on Tuesday. Mrs. Linde Marr of Chicago was a recent dinner guest of Dr. and Mrs. H. J. Carr.

The speaker at the regular Wednesday night Lenten potluck suppers of the Methodist church was Dr. Edwin T. Randall of Elgin. He spoke on "Sharing" and showed movies of Europe.

## Help! Help! Help!

Names make the news! You enjoy reading about your neighbors, they enjoy reading about you. Paddock Publications' society editor strives to get as much news in the paper each week as possible.

When you have news of vacations, marriages, births, parties, etc., don't hesitate to phone them to Vera Folkman, society editor of Paddock Publications. The number is Arlington Heights 1522.

If you desire to have your name put on the editor's calling list let her know, as she will be glad to call for news.

## To leave for Ireland

Mr. and Mrs. Herbert Chidley of Palatine entertained 29 guests Saturday evening in honor of Mr. and Mrs. Henry Chidley. The Henry Chidleys have been living in Glenview and will move this week to Gary, Indiana. From Gary Mr. Chidley will leave for Ireland, having signed up with the government to spend years in a Weather Bureau at an air line station there. His wife will join him in Ireland at a later date.

Mrs. Johanna Rosenau of Chicago, grandmother of Ralph Saas, passed away last week Monday. Mr. and Mrs. Saas attended the funeral Thursday. Mr. Saas serving as a pallbearer.

Sunday Mr. and Mrs. Arthur Ashcraft and daughters, Sedelia and Valerie, spent the day visiting Mr. and Mrs. Charles MacCall and family in Libertyville.

Mrs. N. Mayer has been ill the past few weeks.

## Celebrate birthdays

A double birthday party was observed Sunday at the Harris home, 127 S. State road. The celebrants were Miss Grace Rexess of Des Plaines and Mrs. William Beckman. Out of town guests were Mrs. Otto Rexess of Des Plaines and Mr. and Mrs. Everett Lang of Chicago.

Lynn Patrick spent the week end at home from his studies at Bradley University in Peoria. Saturday night a dinner was given by Mr. and Mrs. Gail Wrede of Wonder Lake in honor of Lynn's and his dad's birthday. Lynn is the son of Mr. and Mrs. Paul Patrick.

Miss Alice Jean Wagoner, daughter of Mr. and Mrs. Gene Wagoner, celebrated her ninth birthday last Thursday and ten children helped her celebrate it. Games and refreshments were enjoyed by everyone.

The first birthday of Kenneth Winkelhake was celebrated Sunday with the presence of 50 relatives and friends. The guests came from Elgin, Palatine, Harvard and Arlington Heights. Kenny is the son of Mr. and Mrs. Herman Winkelhake of Schaumburg.

Arthur Schoepke celebrated his birthday Saturday night with a party for relatives and friends. Those present for supper and the evening were Mr. and Mrs. William Schoepke and family, Mr. and Mrs. Herman Winkelhake of Schaumburg, Mr. and Mrs. Franklin Busse and family, the Gene Wagoner family, the Milton Schoepke family, Kay Weidner of Chicago, Lucille Hugh of Elgin, and Lou Cushman.

Visitors this week of Mrs. W. H. Grismer Jr. and family are Mrs. Albert N. Angel and daughter, Karen Sue, of Evansville, Indiana.

Mrs. Thomas Davidson entertained the International Relations study group of the Woman's club at her home Tuesday afternoon.

## Book review club

The Book Review club will meet at the home of Mrs. Orville Baldwin Monday afternoon at 1:30. Mrs. Harry Hoppe will review a book of her choice at this time.

Mrs. R. J. Rizzi and Mrs. Michael Saar helped Mrs. Adam Heckmiller quilt on Tuesday.

Mrs. Harry Vanley, the former Naomi Smart, is in Los Angeles, California visiting her mother-in-law, who has been ill.

A. D. Hines returned Wednesday night from a business trip that took him to Kansas City, Missouri.

Mrs. W. G. Franke and daughters, Marilyn and Suzanne, and Mrs. J. B. Harkin attended the Shrine Circus at the Medinah Temple in Chicago Saturday afternoon.

Mr. and Mrs. Carl Ewert left Sunday for a two weeks' vacation in Florida.

"Mike" Oefflein returned Sunday from a four month vacation spent visiting his three sons who are living in the vicinity of Los Angeles. Besides the climate, Mike particularly enjoyed his visits with many former Arlington Heights residents, Julius Flentje, Howard and Fred Helm, Henry Luttge, Mrs. Hall (Wheeler), and Mr. and Mrs. White.

Judy, infant daughter of Mr. and Mrs. Krambecker, is ill and she is in the St. Francis hospital, Evanston, undergoing treatment.

Sunday callers at the home of Mr. and Mrs. N. Mayer were Mr. and Mrs. J. Jerger, Mr. and Mrs. Arthur Hansen, Mr. and Mrs. Joseph Lenting, and Mrs. Moryski, all of Chicago, and Eunice Eich and Wallace Granzin of Arlington Heights.

## Club calendar

- March 13—Evening Circle of Woman's Association of Presbyterian church meets at home of Mrs. Robert Carney, 524 S. Mitchell, at 8 p.m.
- 13—OES Stated meeting and Past Officers night.

Mrs. Henry Gruber is suffering from injuries sustained in a recent fall.

A birthday celebration was held Sunday in honor of Norman Statdler. Guests attending were the Albert Tugel, Walter Tugel and Arthur Wollhausen families, all of Barrington.

Mrs. Wilbur Wagner gave a one o'clock luncheon last week. Wednesday, in celebration of her birthday. Her sister, Mrs. John Labonpe of Chicago was among the guests attending.

A Sunday visitor at the home of Mr. and Mrs. W. J. Hefferen was Mr. Hefferen's cousin, Rose Mary O'Brien of Chicago.

Mr. and Mrs. George Syoen and sons spent Sunday with relatives in Chicago.

The Little Flower club met at the home of Mrs. Sophie Firnbach last Thursday. Prizes were awarded to Mesdames Ed. Johnson and Betty Wagner, with consolation prize going to Mrs. William McKaig.

Mrs. F. E. Boeckh of International Falls, Minnesota visited at the homes of the J. W. Boeckhs and the Herman J. Carrs last week.

Mrs. A. Hall of 1019 Oakton street entertained her pinocle club Thursday. The honors went to Mesdames Richard Meyer and Ralph Meyer. The next meeting will be held at Mrs. Ralph Meyers.

Saturday night guests of Mr. and Mrs. Vance L. Folkman were Mr. and Mrs. Charles Deigl. Guests on Sunday night were Mr. and Mrs. Harold Rath.

## American Legion Auxiliary notes

A regular meeting of Merle Guild Unit Number 208 of American Legion Auxiliary will be held at Legion hall Tuesday evening, March 18.

The sewing bee at the home of Mrs. Bentz was attended by 15 members, all willing workers who completed a satisfactory amount of work. At noon the hosts, Mrs. Martha Bentz and Mrs. Emma McNeely, served a delicious hot luncheon after which all returned to work with new vigor.

It was decided to hold another all day sewing bee March 19, from 10 to 4, at the home of the activities chairman, Mrs. Agnes Olson. The luncheon at this

meeting will be pot luck.

Merle Holtz, Mae Wisersky, Millie Russel, and Fannie May attended the ninth district meeting February 27 and Mae Wisersky went to the Cook County Council meeting March 7.

**More than 3000 specific questions about Chicago and Northern Illinois ADVANTAGES ... Answered in One Year**

Surrounding this page are quotations typical of the variety of industrial inquiries we continually receive from every state... all are answered in detail by our Territorial Information Department.

On the staff of this department are trained research men and experienced industrial engineers. The Territorial Information Department is equipped with an up-to-date business library and draws upon similar resources throughout this area to authenticate and amplify its research.

When a request comes in for business information about the vast resources of Northern Illinois, the problem is given exhaustive study and a detailed report is written. These reports are not standardized. Each question is handled as an individual study and all facts are investigated thoroughly. No matter how specialized the information required, it is gathered and presented in detail and transmitted as promptly as possible.

As a service to industries considering re-location, we have established the Territorial Information Department to answer questions concerning the advantages found in Northern Illinois. If you know of any business seeking a new location, please inform us so that in cooperation with other agencies interested in the progress of this area, we can furnish complete factual information.

**Industries locating in this area have these outstanding advantages:** Railroad Center of the United States • World Airport • Inland Waterways Geographical Center of U. S. • Population • Great Financial Center • The "Great Central Market" • Food Producing and Processing Center Leader in Iron and Steel Manufacturing • Good Labor Relations Record • 2,500,000 Kilowatts of Power • Tremendous Coal Reserves Good Government • Good Living • Good Services for Tax Dollars • Send for free booklets containing useful information on these advantages.

**For more information, communicate with the TERRITORIAL INFORMATION DEPARTMENT PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS**

## Potluck luncheon to aid children of Addison Home

The Northwest Auxiliary to the Children's Home at Addison will sponsor a potluck luncheon at the Arlington Heights St. Peter Lutheran school dining room Tuesday, March 25. The luncheon will begin at 1:15 p. m. and donations will be fifty cents. All friends of children are es-

pecially invited to attend this luncheon. An interesting program is being planned to entertain the guests.

## At pastoral conference

The Rev. and Mrs. L. V. Stephan spent Tuesday in Barrington attending the pastoral conference there. Pastor Stephan delivered a book report on In The Minister's Workshop by Robert E. Lucecock. Mrs. C. M. Noack also attended.

Friday, March 14, 1947

## Mr. and Mrs. Henry Jaacks to observe 50th anniversary

Mr. and Mrs. Henry Jaacks of East Maine celebrated their fiftieth wedding anniversary Friday evening, March 7, with 125 guests, including relatives, neighbors and friends, attending the party held at the home of their son, Otto Jaacks. As far back as any one can remember, this was the first golden wedding to be celebrated in the Jaacks family.

The celebration got under way officially at 8 p. m. when Rev. Julius Toepel honored the happy couple with an appropriate little sermonette. Supper was served at a large table decorated in yellow and white with tall yellow candles and a lovely anniversary cake as the main attractions. A gift to the bride of fifty yellow carnations helped add a festive touch. There was much reminiscing and little impromptu speeches throughout the meal and many well wishes extended the happy couple. Cards and dancing occupied the major part of the evening. For the occasion the bride wore a becoming black dress trimmed with gold buttons, set off with a corsage of carnations.

## Local garden clubs to exhibit at garden show

Members of local garden clubs affiliated with the Garden Club of Illinois, are busy these days planning the exhibits which will represent the local club at the Fifth Annual "Fashions in Flowers" to be staged by the state group in the ninth floor galleries of Marshall Field & Company, the two weeks before Easter, March 24th through April 5th.

There will be window and door planting treatments; furnished interiors complemented with flower arrangements, and a great many types of tables and of flower arrangements.

Lectures will be presented by The Garden Club of Illinois in the Wedgwood Room, on the seventh floor of Marshall Field & Company, during 1947 "Fashions in Flowers" as follows:

Wednesday, March 26th, 10:45 a. m., Marc Leeds, of Chicago—"Achieving Modern 'Line' in Flower Arrangement."

Wednesday, March 26th, 1:30 p. m., Mrs. Robert R. Kerkott, of Mamaroneck, New York—"Obtaining Color Harmony in Flower Arrangements."

Monday, March 31st, 10:45 a. m., Mrs. Laura H. Weber, of Freeport, Illinois—"Distinctive Arrangements."

Monday, March 31st, 1:30 p. m., John Nash Ott, Jr., of Winnetka, Illinois—"Flowers in Action."

There will be no admission charge to the public for these lectures.

### Arlington Heights

Mrs. Charles H. Doellefeld, 635 N. Chester avenue, is president of the Arlington Heights Garden Club and Mrs. John Cousins, 511 Beverly Lane, is chairman of the committees who will place the exhibits.

These exhibits, which are to be flower arrangements which call for skill and imagination, will be arranged by a committee including, Mrs. Ben Babbitt, 1105 Clarendon Road, Mrs. Harry Thompson, 501 Pine street, and Mrs. Albert Lee, 830 Fairview avenue.

### Inverness

The Inverness Garden Club, with Mrs. R. Cunningham, Inverness Countryside, Palatine, president, will have two exhibits at the show, a planting on a window ledge, and a flower arrangement in shade of red. Mrs. J. G. Ford, Inverness Countryside, is chairman of the committee who will make the exhibits.

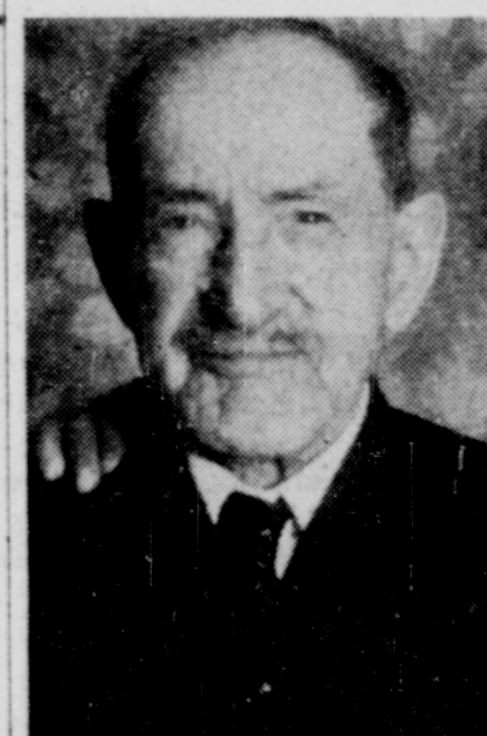

### Itasca

The Itasca Garden Club, with Mrs. D. M. Sinclair president, will be represented with a buffet table, and with a flower arrangement, typifying "Spring." Mrs. Ragnar Benson, is chairman of the exhibit, and her committee includes: Mrs. H. A. Davenport, Miss Idaclaire Lawrence, Mrs. D. M. Sinclair and Mrs. Louis Stolly.

### Roselle

The Roselle Garden Club, Mrs. A. E. Martin, president, will enter a flower arrangement in shades of yellow. Wednesday and Thursday of the first week of the show. Mrs. Katherine Ebenholz, R. 1, Bartlett, Ill., is chairman of the committee in charge.

## Henry Warnke, Sr. has 94th birthday

Henry Warnke, Sr., celebrated his 94th birthday anniversary on Wednesday evening, March 6, at his home on Howard street, near Niles, where he has lived for most of those 94 years. His grandchildren, Mr. and Mrs. Frank Lueth and their two children, Frank and Janet make their home with him. Mr. Warnke is enjoying good health and is now completely recovered from a major operation he underwent last summer.

A gathering of relatives helped him commemorate the occasion and all enjoyed a delicious supper served late in the evening. Present for the occasion were Mr. and Mrs. William Bremer and Mr. and Mrs. Henry Warnke, Jr. of Niles, Mr. Adolph Moeller, Mr. and Mrs. Max Gaisch and Max Jr., Mr. and Mrs. George Wellek, all of East Maine; Mr. and Mrs. Albert Warnke and family and Mrs. Minnie Warnke of Des Plaines. Another son and daughter were unable to attend.

### Plucking Eyebrows

Before plucking your eyebrows, wash the brow with warm soap water. This will remove all outside matter from the pores and guard against infection. After plucking the stray hairs, touch a few drops of antiseptic to the brows with your finger tips.

## Home bureau's sixth annual meeting

Five hundred Cook County Home Bureau members met in their sixth annual session Wednesday, February 26, in the Marine Dining Room of the Edgewater Beach Hotel.

Cook County rates third place in the state for total membership and only 10 short of being second place. 4-H Home Economic Clubs sponsored by Cook County Home Bureau have an enrollment of 507 girls.

Following a delicious luncheon Mrs. Clifton J. Hill, President of Cook County Home Bureau opened the meeting promptly at 1

p. m.

Guests of the day were Mrs. Gladys Ward, Extension Specialist in Home Management, University of Illinois, Mrs. Mary Ainsworth Merryfield, Stylist, New Boston Store and Mr. Louis Pohlman, President of Cook County Farm Bureau.

## At Denison

Harry C. Knaack, freshman at Denison University, Granville, Ohio, has recently been initiated into Sigma Chi national fraternity. He is the son of Mr. and Mrs. Harry H. Knaack, 315 N. Dunton ave., Arlington Heights.

**New Elgins with the amazing DuraPower Mainspring**

Eliminates greatest single cause of watch trouble. Gives steady flow of power for greater accuracy

The new DuraPower Mainspring in Elgin Watches is being hailed as the most important watchmaking development in over 200 years.

Mainspring failure—loss of power or breakage from rust—is the greatest cause of watch movement trouble. An Elgin DuraPower Mainspring will not rust. It cannot be broken by springing and retains its original "windiness" indefinitely for steady power, continued accuracy. New Elgins with DuraPower Mainsprings have just arrived. See them.

See this demonstration right on our display case. It shows the amazing rust-proof quality of DuraPower Mainsprings.

### Maine students to participate in latin tournament

Six Latin students will represent Maine at the district Latin tournament March 22.

At a preliminary contest held at Maine February 26, Joan Samson and Miles Kleir were winners in the Latin I division.

**Latin II Division**

Mary Kay Watson and Joan Millard carried off top honors in the Latin II division.

Carol Seurbon and Kathryn Spielmann previously had been selected to represent Maine in the Latin IV section.

**Sectional Contest**

Winners in the district contest will enter the Sectional contest April 12. The finals will be held at Northwestern University May 3. Several full scholarships are being offered by colleges and universities to those students winning top honors.

### TOP O' THE NEWS

Agricultural News-Letter

Prepared by Agricultural Dept., Chicago Journal of Commerce

#### A Price Problem

THE dominant factor in price advances of agricultural products in recent months has been the extremely heavy purchase of grains and livestock products by government agencies for shipment abroad.

Indications are that those activities will continue for awhile, or possibly until early Spring. At that time conditions surrounding the progress of 1947 crops, both in the Northern Hemisphere and in Europe, will be of major importance. Yields of European farms will determine the quantity of supplies to be moved from the surplus producing countries in the coming two months.

Since much of the food that has gone overseas in the last six months has been of an emergency relief nature, or to cover needs till 1947 production is ready for harvest, it appears possible that the peak of demand for United States products, for a long time to come, is now being witnessed. Disappointing crop yields can prolong the current situation, however.

As matters stand now, many large areas are expected to produce this year a greater portion of their needs than any period since the beginning of the war. Too, several countries now receiving relief should be able to finance a large part of their import requirements, thus enabling them to seek for supplies competitively in world markets.

If it is decided to carry out Mr. Hoover's suggestions of increasing rations in Germany and General MacArthur's requests for Japan, the demand for grains, fats and dried milk will probably make up for whatever gains in production appear in other sections.

With so many uncertain factors prevailing, wide price fluctuations are expected to occur from time to time. No sustained decline of a severe nature appears in sight at present.

### Forest Park editor to civil service post

Appointment of Claude A. Walker, publisher of the Forest Park, Ill. Review and Forest Park, as a member of the Cook county Civil Service commission, was announced Friday by President William N. Erickson of the county board. His term runs to December, 1949, the appointment being to a vacancy left by the resignation of Earl Kistner February 28 to take the position of personnel officer in the president's office.

Present as the announcement was made was a delegation from the Cook county Suburban Publishers' association of which Mr. Walker is secretary, including Stuart R. Paddock, of Arlington Heights, president; Harold Volp, of Blue Island; and Wm. Carroll, of Park Ridge.

A graduate of Loyola University School of Law, Mr. Walker has published the Forest Park weekly for 16 years. He lives at 145 Elgin avenue with his wife and three sons. The salary of the new position is \$4,500.

### OBITUARIES

#### Sam Ladas

Sam Ladas, former operator of the Arlington Cafe in Arlington Heights and Zephyr cafe in Des Plaines, died at 1:00 o'clock Wednesday morning of this week at Presbyterian hospital in Chicago. He had been ill for a long time, spending most of the winter in Phoenix, Arizona.

Services will be held this Saturday afternoon at 1 p. m. from the funeral chapel of A. Dinamis, 4708 N. Western ave., Chicago, to St. Andrews Greek Orthodox church, 5658 Winthrop ave., Chicago. Interment Elmwood cemetery.

Survivors include three brothers, John, Andrew and Pates. Mr. Ladas was born January 17, 1905, at Patros, Greece.

#### Frederick William Baker

Frederick William Baker was born March 26, 1890, in Kinsman, Ill. He was confirmed in the Dwight Immanuel Evangelical church at Dwight, Ill., and was united in marriage to Selma E. Allbeck at Ottawa, Ill., April 22, 1918, by Pastor Mueller.

They made their home in Kinsman for four years and then moved to Chicago where they made their home at 6150 Berenice ave.

Mr. Baker passed away March 7 after a lingering illness at the age of 56 years, 11 months and 11 days. He leaves to mourn his departure his wife, Selma; mother, Mrs. Della Baker of Dwight; three sisters, Mrs. Lena Kohrt and Mrs. Irene Berger of Dwight and Mrs. Clara Raguse, Peotone; two brothers, Jesse Baker of Kinsman and Louis Baker, Chicago.

Funeral services were held from the Karstens-Fairbanks funeral home to the Mee & Ramme funeral home in Chicago Tuesday, March 11, with the Rev. John Leimer of Chicago officiating. Interment was at Aca-cia Park cemetery.

#### Conrad Hildebrandt

A military funeral, in charge of the Des Plaines American Legion was held for Conrad Hildebrandt, 1373 Walnut ave., Des Plaines, Wednesday afternoon from the Des Plaines Lutheran church and Oehler chapel. Rev. Erwin Wendt officiated and interment was in Town of Maine cemetery.

Mr. Hildebrandt was born Mar. 13, 1896. He served in the first World War and has been living with his sister, Mrs. Rose Rische, at the above address for a number of years. He was employed for a time at the Reese Hardware store in Arlington Heights. Mr. Hildebrandt passed away Sunday at the Hines hospital.

#### Charles C. Martens

Charles C. Martens was born in Germany May 29, 1886 and came to this country in 1911. May 4, 1946 he entered the Ev. Lutheran Old Folks Home where he made his residence until he passed away Friday morning, March 8, at the age of 60 years, 10 months and 21 days.

He leaves to mourn his departure three sons, John and Charles, Chicago, and William C. of Des Plaines.

Funeral services were held from the Karstens-Fairbanks funeral home to the Ev. Lutheran Old Folks Home Monday, March 10 at 2 p. m. Interment was at St. Lucas cemetery in Chicago. Rev. J. M. Kempf officiating.

#### Alvin Gerhard Finke

Alvin Gerhard Finke was born August 24, 1888 in Addison Township, DuPage Co., and was baptized February 3, 1899 by Rev. Wm. Boerner.

January 3, 1933 he was married to Miss Mildred Vermillion. To this union two children were born: Helen and Kenneth. Mr. Finke lived on his homestead all his life. He had been ailing for several years. The last two months his illness became more serious. He died Tuesday, March 4 at the age of 58 years, 6 months and 8 days.

He leaves to mourn his beloved wife Mildred, his two children: Helen and Kenneth. Three brothers — Henry Finke of Vesper, Kansas; Frank and Walter at home. One sister, Mrs. Rosina Haseman of Bloomington. Sisters-in-law, brother-in-law, relatives and friends.

Funeral services were held Saturday afternoon at 2 p. m. at Geils Funeral Home, Rev. E. Bergstraesser, officiating. Interment St. John's cemetery.

#### James LaPoint

James LaPoint, 16, died last Monday at the Ashland, Wisconsin hospital where he had been taken following a stomach attack. Funeral was held Friday. The LaPoint family who resided on Rand road, left Palatine a year ago. In order to complete the school year in Palatine, James lived at the home of Walter Schinkowsky.

### Wills

#### Blunderfield Estate

Mrs. Margaret J. Blunderfield, of Route 2, Des Plaines, who died February 3, 1947, left an estate estimated at \$14,000 to her husband William P. Blunderfield, it was disclosed in a petition to admit the will filed in Probate court.

#### MRS. M. BLUNDERFIELD

The will of Mrs. Margaret Blunderfield of Des Plaines who died in Texas February 3, has been admitted to probate. She left \$14,000 worth of real estate all to her husband, William P. Blunderfield, R. 2, Des Plaines.

#### MARTHA BRANDES

The will of Martha Brandes who died in Chicago January 15 leaving a \$50,000 estate, has been admitted to probate. Among her bequests is one of \$300 to Maria Lambert, 227 Washington rd., Des Plaines, for services rendered.

#### JOSEPHINE TAYLOR

The will of Josephine Taylor who died in Chicago January 19 leaving a \$150,000 estate, has been admitted to probate. She ordered all debts of Josephine Church, a niece of Northbrook, and her husband owing her aunt to be forgiven. She left her niece real estate on Nantucket Island, various personal effects and one-fourth of the residue of her estate.

#### CARD OF THANKS

Mrs. Ambrose W. Martin, 316 Judson st., Bensenville, Ill., thanks her many friends for their personal expressions of sympathy and cards received in the death of her father, Mr. Frank Fritz of Chicago, Ill.

#### CARD OF THANKS

We are sincerely grateful to the friends and neighbors who extended comforting sympathy and help during our sad bereavement. For the beautiful service and floral offerings. We are deeply grateful.

Mr. Frank White and Nieces and Nephews.

#### Honored woman

A Kansas town elected the first woman mayor in the world—Mrs. Medora Salter of Argonia in 1887.

### Chicago manufacturer buys Mt. Prospect factory building

The Addressing Machine Co., of Chicago, has purchased the O'Day factory building on Central road, Mt. Prospect, and will occupy it April 15. Joseph Weber, of Prospect Heights, an official of the new manufacturing firm announced Tuesday that he acquired the O'Day building last Friday and is making plans to move not only his Chicago manufacturing plant to Mt. Prospect, but also a plant he has recently purchased at Buffalo, New York that had been engaged in similar manufacture forty years.

The firm will maintain a sales office at its present site 537 So. Dearborn, Chicago, but all manufacturing will be done at Mt. Prospect. Because a large part of present employees reside on the Chicago southside, Mr. Weber expects to be required to recruit new personnel. An advertisement in this week's classified section asks for a stenographer.

### IT'S a picture in a lot of ways, this big-'n'-beautiful Buick —

The picture of things-to-come in automobile styling — long, follow-through fenders, sleek lines, broad and solid look.

The picture of dynamic action, with its bonnet jam-packed with Fireball power, equally ready, equally willing for creep-speed jaunt or quick-paced emergency call.

The picture of perfect poise—with plenty of roadweight for solidity—cushioned all around on soft coil springs for jarless ease.

The picture of precise and exacting manufacture, with engine tolerances often closer than in airplane practice — bodies floated on new

Silent Zone mountings for tautness and quiet — everything from rear-axle strut rods to water pump seal all tidily buttoned up to give you the best to be had today.

You don't have to be told how eyes follow you when you're behind this wheel. You can sample for yourself the great ease of this gallant traveler, the comfort, the room, the thrill-of-a-lifetime lift that answers every nudge of your foot on the treadle.

You've probably even

told yourself, "Well, someday..."

Why wait for someday — when that someday may have to be followed by more waiting between order and delivery?

Why not call your shots now — and make sure your future will be bright and happy?

We'll take your order any time — what's wrong with right now?

16 NORTH VAIL STREET, ARLINGTON HEIGHTS, ILLINOIS

This Week in Wheeling

If you have not yet been given an opportunity to give to the Red Cross it may be because there was a slight delay in receiving the materials for the local drive. However there is plenty now for a cross for every window. Make it easier for the workers by being ready with your gift. Those who are giving time in the Village to help the Red Cross Carry On are Mrs. Henry Mayer, Mrs. A. Anderson, Mrs. Peter Mayer, and the Misses Marcella Johnson, Ruth Rockenbach, Marion Grewe, Joan Fortman, Carol Bellmore and Dolores Scanlon.

Seven complaints in one day convinced Arthur Ortel, Village President, that action was necessary to curb the number of dogs running at large in the Village. The many dogs on the streets have become a menace, especially to children, and with the season of gardening approaching, they will do increasing damage to property owners. If you own a dog, please keep it confined within your premises, to avoid having it impounded.

Mrs. Frances Moeller was hostess to her card club last week. The prizes of the evening went to Mrs. Betty Schmidt and Mrs. Agnes Becker.

E. L. Bingham of Milton, Wis., is spending some time with his sons, Howard and Harold Bingham at Buffalo Creek Farm. Mr. Bingham has just returned from spending the four winter months in California where he divided his time with a daughter in Riverside and a son in Stockton.

A group of relatives and friends helped Larry Glass celebrate his seventh birthday Saturday, March 8. His cousin, Joyce Scanlon, baked his birthday cake for the party.

Wheeling Camp Royal Neighbors are making plans for their annual Card Party and Penny Social, which will be held later in the season this year, on Thursday, April 24.

Let Your Doctor Check Your Metabolism

by C. W. LUSSMAN of Sieburg Drug Co.

Are you physically in balance? Is your blood pressure normal? Do you coordinate smoothly without thinking about it? In short, how is your metabolism?

Let your doctor check regularly at intervals of not more than a year to be sure that you are staying at the top of your form, that no insidious attack is being made upon your health.

Little symptoms overlooked by you are full of meaning to the trained physician.

There is a rhythm to living, work and play and rest, which makes life a good thing. Let your life be good, let the doctor and a trusted druggist assure the best of all possible goods.

This is the 371st of a series of Editorial Advertisements appearing in this paper each week.

Expect election of Palatine school bond issue April 19

From discussion of the Palatine consolidated district school board and the citizen advisory committee held at a meeting Friday night it seems probable that the election on a \$600,000 bond issue for the new school will be held Saturday April 19th.

Petitions calling for such an election will be in circulation this week and the board is expected to take the necessary action calling the election at an adjourned regular meeting next week.

Some idea of the cost to each taxpayer was had Friday night when Edward Benjamin Chicago, bond man gave the meeting an approximate figure on the financial set up of the proposed bond issue.

A \$600,000 bond issue at 3% interest would cost each taxpayer about \$2.96 per each 1000 valuation as of the new valuation ordered by the state tax commission.

If the assessed valuation of a piece of property was \$1000 the amount of additional taxes because of the bond issue would be \$2.96 if the valuation of a piece of property is \$5,000 the increase in the tax bill would be \$14.50.

If a person wants to find out on his last years tax bill what the new school would mean in increased taxes he should multiply his assessed valuation as shown on his tax bill by \$1.59 and then multiply that result by the \$2.90.

The architects will at once make final plans in accordance with the possible amount of money available.

A public mass meeting to discuss the building, the financing of the project and to thoroughly acquaint the people with the entire proposition will be held before the election. A pamphlet also will be sent to every home.

Jewel Food Stores celebrate 15th birthday March 12

Jewel Food Stores celebrated their 15th birthday March 12. This food organization had its beginning in 1932 when it purchased a chain of 81 grocery stores in Chicago-Land.

In 1933 when the business depression hit its lowest point and the country's banks were closed under a moratorium order, Jewel issued its own "trade scrip."

Their first meat market was opened the same year.

In 1935 the Jewel Food Stores originated daily delivery of fresh fruits and vegetables to every one of their stores. The 100th store was opened in 1936. A large warehouse and office building was purchased in 1937 enabling the organization to buy in larger quantities and to ship more directly to their stores.

A large produce warehouse with three immense refrigerated rooms for better handling of fruits and vegetables, was opened in 1938. The 100th meat market opened in 1940. Frozen food departments in all its stores started in 1942. To help relieve the shortage of help, in 1943 Jewel started closing their stores for one hour lunch period.

By the adoption of new merchandising methods, including its own bakery and other innovations, Jewel has kept abreast of the times until today 1,900 people are employed in its stores which have become of increasing importance in the communities where housewives have the opportunity to trade at Jewel.

Arlington Heights store on W. Campbell st. was built and opened for business in November, 1940. Gordon Wilke has managed the store for the past four years. All fifteen employees are from Arlington Heights, with the exception of one from Palatine and one from Barrington.

Palatine police capture wild drivers

Palatine police Tuesday noon rounded up two wild drivers and a couple of car loads of passengers who had been making a race course of the streets in the vicinity of the high school.

All arrested were high school pupils.

A large number of citizens had seen the "brunch" drivers in their wild west exhibition on Monday.

Policeman Dreyer stationed at Wod street and NW highway for the protection of the Palatino Park youngsters had also seen them and Tuesday noon when they started out for t repeat performance officer Dreyer flagged them down, placed them under arrest and called the station.

Chief Foltz and officers Meyer and Zick answered the call and carried the culprits to the station. One youthful driver had a car without having title to it and wrong license plates.

Legion to observe 29th anniversary

Although only 18 months have elapsed since V-J Day, the American Legion will celebrate its 29th anniversary on March 16 with a membership made up of 63 per cent veterans of World War II. It has been announced by Wm. H. Kroll commander of the organization's Cook County Council.

Based on the number of younger veterans who are daily joining, a membership of 100,000 is expected on that day.

"Our chief concern now," Kroll pointed out, "is the rehabilitation of our thousands of veterans in hospitals all over the state who are suffering from war injuries, or from the aftermath of their harrowing experiences on battlefields all over the world."

"This particular program," Commander Kroll emphasized, "is a daily task of the service department of the Legion and extends not only to hospitals where war veterans are patients but to all branches of the government dealing with veterans problems, such as the U. S. Veteran Administration, where nearly every veteran goes at one time or another for such services as the settlement of claims, and government life insurance under the Legion sponsored G. I. Bill of Rights.

These services, which during the past year cost the Legion \$107,000, are well known to the people of Chicago and Cook county."

News of East Maine

Walter Matz, magician at East Maine school

A meeting of all residents in Drainage district No. 5 will be held at the Crofton school hall, Potter Road, Friday evening, March 14, at 8 o'clock. The problem to be discussed at this meeting will have to do with deciding what methods are to be employed to raise funds for having the drainage ditch cleaned, a job which everyone realizes is vitally necessary.

It is hoped that funds for this purpose will be secured through voluntary contributions, if not, there will be no alternative but to spread an assessment, in which case the cost would very likely be practically doubled.

All land owners whose property is affected by this ditch are strongly urged to put in an appearance at the meeting and help take care of this problem.

East Maine home bureau

The next meeting of the East Maine unit of the Home Bureau will be held at the home of Mrs. Glen Morris, Cumberland ave., on Thursday, March 20.

The gathering will start at 11 a. m. with a potluck lunch, the meeting beginning at 1 p. m.

The major lesson will be Laundering Colored Clothes and Synthetics and will be given by Mrs. Morris and Mrs. Hendrichson. There will be two minor studies, the first will be the completion of the lesson on Alaska by Dorothy Schroeder, the second will be on Hawaii to be given by Mrs. Morris.

Mrs. Warren Long, new chairman of the group has appointed the new committee heads as follows: Mrs. Robert Suydam, hospitality chairman; Mrs. Glenn Morris, program chairman; Mrs. Melvin Guthrie, project chairman; Mrs. Hohman, recreation chairman and Mrs. Joe Ruess, publicity chairman.

Wells and septic tanks will feature Town Meetin' Wednesday

Franke McKee, Chief Sanitary Engineer, Kraft Foods Company, for many years Sanitary Engineer with the Wisconsin State Board of Health, will be the guest speaker at Prospect Hts. Town Meetin' Wednesday evening, March 19. Mr. McKee will give a short interesting and informative talk on "Wells and Septic Tanks" as installed in Prospect Heights.

Mr. McKee's appearance before the Town Meetin' is expected to attract a very large attendance for each and every resident is vitally interested in the subject of both drinking water and sewage disposal.

Nominations for officers and members of the Board of Managers will take place during the regular business session. Michael C. DeMet, who has served the community in many capacities, and August J. Teborek, war veteran and member of the association board both prior to and since the war, are sure of nomination for presidency. Present indications point to a large number of the board from each district area. Election will take place at the Town Meetin' in April.

Mt. Prospect men's golf league to open season April 30

The Mt. Prospect Men's Twilight Golf League will open its 1947 season on Wednesday, April 30th. As during the past six years, matches will be played over the Mt. Prospect Country Club course.

All old members have been contacted during the past week. Any new residents of the community who desire to play should phone Eugene Robinson, Jr. at Mt. Prospect 1110. The officers will soon announce the make-up of the competing teams and the list of alternates.

Southern Cross

Brazil's monetary unit, cruzeiro, was named for a constellation known as a guide to countless mariners in waters south of the equator—the Southern Cross. Records show a drawing of the Southern Cross was one of the first souvenirs sent to King Manoel of Portugal by Pedro Alvares Cabral, following his voyage of discovery to Brazil in 1500. To day the stars of the great constellation are depicted in Brazil's flag and coat of arms as well as in its money.

Northbrook News

ST. NORBERT NOTES

At the St. Norbert church meeting held last week, Wednesday, it was decided to hold the annual summer festival on June 23 and 29. The following men and their wives will serve on the planning committee for this event: B. Schindgen, L. Schenck, L. Burkemper, Al Levernier, R. Seal, S. Marotta, P. Butz, C. Snelton, J. Enright, H. Wickert, J. Maxwell, J. Bolsinger, H. Therrien, F. Gilles, E. Schwall, G. Balmes, H. Roepneck, S. Rinnella and Al Ostman. Miss Dorothy Bolsinger and Mesdames Otto Peurckert and Wesley Brown are also assisting.

Serving on the Northbrook building committee are Al Sorague, J. Urbain, H. Therrien, A. Kargl, A. Lopez, B. Langhi, G. Balmes, P. L. Hupp, H. Wickert, F. Miller, R. Seal, S. Marotta, J. Maxwell and S. Rinnella.

New church trustees are John Dodge, Barney Happ, A. Bartel, and P. L. Hupp.

Officers for the Holy Name organization are: William Moeller, president; and Fred Miller, Jr., Arthur Snelton and Carl Huelez. New officers for the Catholic Woman's club are Mesdames John Dodge, Barney Happ, William Ayers and Henry Seal.

PRESBYTERIAN NEWS

The Presbyterian church will install its new officers March 19 at a combined meeting and luncheon. Everyone invited to attend. For reservations please phone Mrs. Putman, Northbrook 35. Mrs. C. Steele and Mrs. R. Haskel will be installed at this time.

Plans are being made to dedicate a new organ to the church.

Mrs. Alice Voltz was the Sunday guest of the Henry Kiess.

The Al Cappelens had as their Saturday guests Mr. and Mrs. E. Heusel and family of Chicago.

Mr. and Mrs. Gerald Luksey and Mrs. E. Shaer are all confined to their homes with the flu.

The Cultural Unit of St. Peter's Evangelical Lutheran church will meet March 19 at the home of Mrs. Christene Clavey in Glenview.

The Maple School Woman's club have decided to hold a party at the school May 2. A Rex-air vacuum cleaner will be given away.

Mrs. John Augard spent the week end in Galesburg visiting friends and relatives. Her niece, Alma Carlson, returned home with her.

Mr. and Mrs. Herman Meier spent Sunday in Chicago with their daughter, Mrs. Cliff Melzer and family.

The sorrowful Mothers Sodality will meet after the regular devotions on Friday, at 7:45 p. m., at St. Norbert's church. The officers of this club are Mrs. A. Bartel, Miss Josephine Schwall, Miss Beatrice Bolsinger, and Mrs. Carl Hulse.

Mr. and Mrs. Ad Lutter and Mrs. A. Bernhardt are enjoying a vacation in Texas visiting the Johnson family.

Mrs. Ed Klug has returned from California where she spent several days looking for a home in which to live. The Klugs plan to move to California this spring.

Officers of the young people's "Don Bosco" club are Frank Hoefler, Jr., Nan Yore and Sally Odin.

**Pepper Consumption**  
In an average year Americans consume 15,000 tons of pepper.

Northwestern R. R. scraping bottom of barrel

As taxing bodies use more care in making their appropriations and tax levies, the Chicago and Northwestern R. R. tax attorneys have all the more difficulty in finding grounds for tax objections. "They are scraping the bottom of the barrel," Attorney Frank Opeka told the Mt. Prospect village board last week.

The small Mt. Prospect library tax was not immune to objections and a miscellaneous item of \$600 in the garbage tax was excessive, claimed the railroad. Mr. Opeka stated that he is in hopes of getting a release from some of the objections, which would benefit the schools as well as the village.

Forequarters of Beef

The 220-pound forequarters of beef will yield 55 pounds of steaks and roasts and 130 pounds of pot roasts, stew and ground meat. Forequarters have about 25 per cent tender cuts and 60 per cent less tender cuts.

## With Uncle Sam

### Japan

Pvt. Victor Lesch of Wheeling believes that he is one of the happiest GIs in Japan. Victor is with the 5th Special Service and is stationed at Kokura on Kyushu Island. He is training for the work of Supply Sergeant. Evenings from 6 to 9:30 he has been managing a servicemen's night club.

He has been keeping up his interest in athletics and much of his spare time finds him in the gym where he has been coaching others in weight lifting and other activities. He is hoping to gain a place on the division base ball team. Weather conditions at Kokura have been quite similar to that of Illinois.

T-5 Bernhardt Koeppen of Wheeling is without an address now, being on the way home. Bernhardt went to Japan shortly after his marriage last May. He was with the 43rd Eng. Construction Battalion and spent part of the time in Tokyo.

### SUE FOR DAMAGES

George P., Elizabeth, Barbara Ann, George and Robert Krick have sued Frank Bauer for damages for injuries in an automobile accident September 1, 1945, at Rand and Palatine roads. George P. asks \$5,000 for injuries and damage to car and loss of its use. Elizabeth and Robert ask \$2,000 each, Barbara Ann and George \$1,000 each.

### Discharged

Sgt. Marvin G. Neitzke of Mt. Prospect arrived home last week Friday from Kokuburji, Japan where he served eight months in the Army of occupation. He is now on terminal leave until March 30th at which time he expects to receive his discharge.

### Pacific

Changing his address in the Pacific is Bill Schreiber of Mt. Prospect. His address is Cpl. Wm. Schreiber, 16215351, 8104 Serv. Det. Staff Eng., APO 331, % PM, San Francisco, Calif.

### Kansas

Changing his address in Kansas is Herman Koepfer of Wheeling. His address is Pvt. Herman Koepfer, 945th AES, 519th ASG, SHAAF, Salina, Kansas.

### Guest at meeting

Mrs. Carl P. Moyer, President of the 7th District, Illinois Federation of Women's Clubs, will be the honored guest at the annual spring luncheon of the 7th District Past Presidents' Club to be held at the Tally-Ho Tea Room in Park Ridge, on Tuesday, March 18th at 12:30 p.m. A book review by Mrs. Warren F. Axtell and marimba selections by Miss Joan Crippen comprise the program to follow the luncheon.

## Presenting the Younger Generation

Paddock Publications start this week publishing pictures of the younger generation. Arlington Heights and Mt. Prospect are represented this week. Children of other communities served by the Paddock papers will appear as fast as the photographer is able to visit the other towns.

At the left let us introduce

Bruce, 6½ months old son of Mr. and Mrs. J. D. Yates, 903 North Vail, Arlington Heights. His brown hair and hazel eyes give hints of his popularity with the gentler sex in years to come.

No. 2 is Michele, 3 years old, son of Mr. and Mrs. G. Fairman, 314 West Mueller st., Arlington Heights. He has blond hair and blue eyes and a smile that wins him friends everywhere.

Albert Jay Till is a seven year old youngster. His parents reside at 507 N. Eastwood, Mt. Prospect. He is ready for anything that comes his way.

No. 4 is Tina Gewecke, whose home is at 210 N. Prospect Manor, Mt. Prospect. Yes, she is exactly 6 months old, has brown hair and blue eyes. She is one of those children who always has a smile for a photographer.

### Bestow bridal shower on Mary Nehrass

A miscellaneous bridal shower was given in honor of Miss Mary Nehrass, daughter of Mr. and Mrs. Henry Nehrass of Palatine, at the home of Mrs. Minnie Pomplun last Friday evening. Thirty-five guests were present to view the opening of gifts, after which games were played and refreshments were served.

Miss Nehrass will become the bride of LeRoy Pomplun, son of Mrs. Minnie Pomplun of Arlington Heights on April 12.

### Kappa Deltas dinner

The Northwest Alumni association of Kappa Deltas met Monday evening. The members had dinner at "Eddie's" in Wheeling, adjoining to the home of Mrs. Herman Carr in Arlington Heights for their meeting and social hour.

A book review on "Lydia Bailey" by Kenneth Roberts, was given by Mrs. E. J. Harris. Arlington Heights members attending the meeting included Mesdames George Schaeber, Stanley Myers, Milton Haase, Charles Close, and Herman Carr. Mrs. George Edgumbe of Mt. Prospect was also present.

### Jane Merrill given high college honor

Jane Merrill, daughter of Mr. and Mrs. F. O. Merrill of Arlington Heights, has been pledged into Alpha Sigma Tau, the honorary society of Lindenwood Liberal Arts college, located at St. Charles, Mo.

To be chosen for this society the student must have high grades and general good campus citizenship and it is the highest honor that can come to a girl in the college. The Merrells received word of their daughter's achievement direct from Alice E. Gipson, dean of Lindenwood.

## 65% of student body served daily in high school cafeteria

by JOAN MALZAHN

In an atmosphere like that of the highest priced tea rooms about 65% of the student body at Arlington High School gather daily in the basement cafeteria to enjoy eating their noon lunches.

The first lunch period lasts from 11:23 to 11:56, and serves about 225 pupils. The second lunch period lasts from 12:24 to 12:57, and serves about 250 students. Serving facilities enable 150 students to pass through the cafeteria line in approximately seven minutes. The cafeteria will seat 268 persons, most of these at tables for four.

Although many persons bring all or part of their lunch, there are few who do not augment their noon meal from the cafeteria.

Miss Ella Garms, supervisor of the preparation of the lunches, is assisted by Mrs. Bert Blomquist and Mrs. Sophia Muehlfield. In addition, seven high school students help in the kitchen.

All sandwiches are ten cents. On certain days hot barbecued beef and hot dogs are sold. Cold sandwiches of ham salad, egg salad, slices of meat, tomato and lettuce, toasted cheese, peanut butter and jelly are served. Large hot dishes are ten cents, small ones are five cents. There is a large variety of hot dishes including chili, spaghetti, chop suey, stew, baked beans, lima beans, Spanish rice, salmon and macaroni, and all types of vegetables.

Soup, which includes chicken noodle, mushroom and vegetable is served daily at five cents a bowl. Tomato and lettuce, gelatin, tuna fish, potato, macaroni, and Waldorf salads are also sold.

## New Red Cross production chairman

Mrs. Don Stockdale has resigned as the production chairman of the Arlington Heights Red Cross Unit. The new chairman is Mrs. O. R. Cline, who will be assisted by co-chairman, Mrs. Francis Sweet. Mrs. Cline's telephone number is Arlington Heights 1408-J.

Candy and potato chips are available and milk is sold at six cents a bottle. Desserts include cake, fruits, chocolate, butter-scotch and vanilla puddings, custard and tapioca.

## To organize new 4-H group

Plans are being made to organize a new 4-H club in the Wilson School vicinity. There will be a meeting March 14, at 8 p.m., in the home of Mrs. Duane Kingsley, which is located on the South side of Rand road two houses South of Palatine road.

Any girls ten years of age or over are invited to be present at this meeting. Their mother may accompany them if they wish.

## Cribbings from TOTVILLE

by Di Dee

Mr. and Mrs. Herbert Mueller of East Maine are proudly announcing the birth of their second child, a son, who was born in a Chicago hospital Monday, March 10, weighing 8 pounds and 13 ounces. No name had been selected for the youngster who has a sister Barbara attending fourth grade at St. Matthews school.

Mr. and Mrs. Fred Jasper of 717 N. Chestnut, Arlington Hts., are happy over the arrival of a son, William, born March 6 at Elmhurst hospital, tipping the scales at 7 pounds 8 ounces.

"Billy" has two sisters, Sue and Beth, anxiously waiting to take care of their brother when he arrives home.

Proud parents of a baby girl are Mr. and Mrs. Arthur Jacquet of Arlington Heights. The infant, named Kathleen Ann, was born March 1 at the St. Joseph hospital in Elgin. Kathy tipped the scales at 8 pounds, 9 ounces.

Lynn Rae is the name of the daughter born to Mr. and Mrs. Gene Hartman of Arlington Hts. Lynn was born March 9 at the Elmhurst hospital and weighed in at 6½ pounds. Mighty happy to hear they have a sister are Lynn's two brothers, Dennis and Dickie.

A baby daughter was born to Mr. and Mrs. Edward Karnatz of Arlington Heights March 4. The Stork delivered Shirley Lynn at the St. Francis hospital in Evanston. She tipped the scales at 8 pounds 3 ounces. The Karnatzes also have another daughter, Sharon Lee, who is 20 months old.

Mr. and Mrs. Charles Dermond of San Francisco, Calif., are the proud parents of a son, Phillip, who was born March 7. Phil tipped the scales at 6 pounds 13½ ounces. His mother is the former Eileen Zieske of Arlington Heights.

A daughter was born March 3 to Mr. and Mrs. Leonard Christie of Elk Grove. Patricia, the baby's name, weighed 6 pounds 12 ounces at birth and both Pat and mother are doing fine. Proud grandparents are Mr. and Mrs. Roy Christie of Elk Grove.

## WHO WEAR THIS PIN!

Right now, 189 of your neighbors throughout this northwest suburban area are wearing this emblem—folks, like those pictured here, who have earned that right by twenty years or more association with Benjamin Electric of Des Plaines.

Actually, however, this handsome gold pin symbolizes much more than long service to Benjamin. It also marks the wearer as one who has served mankind well... by devoting over a score of years to helping make the everyday life of millions easier, safer, more pleasant... by continuous and invaluable contributions to a BETTER LIGHTED AMERICA.

Many of these folks have been with Benjamin a quarter-century and more, as indicated by the dia-

monds in their pins—each one marking an additional five years of service above the first twenty. It is such loyalty that has firmly established Benjamin's leadership in the electrical and porcelain enameling industry. It is their skill and experience that goes into products which help to insure better light for better sight, for more sales and for more recreation.

Such work well done has created an ever-increasing demand for Benjamin equipment—and the folks responsible are profiting accordingly. Their financial rewards are regularly invested in their communities for homes and bonds... are spent in their home towns day-in and day-out for food, clothing, education, worship... are contributing materially to this area's commercial and cultural advancement.

### WHATEVER THE WEATHER...

... Benjamin products are tested to take it. Durability of materials and finishes used in all Benjamin equipment is pre-determined under actual weathering operating conditions—or with specially designed apparatus capable of simulating any desired climatic condition. In addition to proving its resistance to the elements at their worst, Benjamin forestalls lamp failures resulting from severe vibrations by subjecting units to rigorous tests on a unique "Vibration Tester". Quality—without qualifications, is a Benjamin maxim.

Part of a 3-Year Program of plant-wide improvement, the new Benjamin Laboratory stands like a monument to the men and women who have made Benjamin the leader in industrial lighting. In this building, dedicated to the constant betterment of lighting methods and equipment, are born the ideas that assure "Better Sight Through Better Light" for every worker throughout America. Here, are born the products that contribute to the continued prosperity of Benjamin employees.

## MAC SAYS:

•• BY GERALD MCELROY ••

After watching Dundee come through the tough Woodstock regional beating strong McHenry, Crystal Lake, and Elgin we feel certain that DeLacey's outfit is one of the best ever to represent the school and that is saying a lot. If Dundee gets a fair share of breaks they may become the next state champion. Certainly the Elgin sectional will be easier than having to meet

### Dundee strategy and skill dump one of state's best teams

In that final game with Elgin Dundee controlled the ball and made Elgin play their game. Elgin on no occasion got a chance to fast break. On offense Dundee played a semi one which forced Elgin to shoot from 20 feet out and they could not hit enough from that distance. Smaller Dundee men out-rebounded taller Elgin boys. DeLacey shifted his lineup just for Elgin sending a junior guard Schuberg to center, moving his center Ebel, to forward, and shifting his great sophomore forward, Schuldt, to the back guard position. Schuldt not only throttled the famed Elgin fast break but scored 11 points to lead in point production. Schuberg, the junior playing center on defense, started with his clever ball handling and drew enough fouls to eliminate Elgin's tallest guard. Incidentally Schuberg made all six of his free throws. Of course Bud Grover, who made the all state team last year, was Elgin's play maker and actually on assistant coach as far as his value is concerned as a team leader. Best dribbler and ball handler in the game was little Nick Parucci, Dundee floor guard. The Elgin game was never in doubt after the first quarter. It was one of the best high school exhibitions of basketball we have ever seen; and certainly as good or better than any game to be seen at the state finals next week.

### Flu plays part in Woodstock regional

Crystal Lake and Arlington felt the effects of the flu in their tournament bids. Arlington lost to Hebron in the first round due to the flu claiming as its victim Allan Stroker. However we could not have asked Arlington to have played any better against Elgin than Hebron did. Little Hebron battled Elgin all the way just as did Crystal Lake against Dundee though the Tigers were minus their big center Holt in their first game. Holt played a limited amount against Dundee but was in no condition to add much strength. In fact Crystal Lake fell behind more with Holt in the lineup than when he was on the bench. You have to hand it to Crystal Lake. They have a real group of competitors. Marvin Krause, in particular, was outstanding against Dundee. Every team in the Woodstock tournament was good enough to be a winner in a number of regionals we could pick out over the state. It was a great tournament.

### Dundee favored to win Elgin sectional

Dundee, favorite to take the state championship after whipping Elgin in the regional finals at Woodstock 37-26, will meet some strong opposition in the Elgin sectional tournament this week on Wednesday and Friday. Coach Eugene DeLacey's Cardinals are paired with York of Elmhurst, West Suburban champ, in a first round sectional game at 8:00 p.m. Wednesday of this week. On Thursday Waukegan meets DeKalb in the other first round game. Friday the Wednesday and Thursday winners clash to see who goes to the state tournament. It looks like Dundee

### Sectional pairings

Pairings follow:  
At Canton—Dallas City (17-6) vs. Galesburg (14-10); Canton (12-15) vs. Macomb (18-11).  
At Carbondale—Marion (27-8) vs. Metropolis (26-9); Anna-Jonesboro (24-7) vs. Murphysboro (18-7).  
At Charleston—Mattoon (19-6) vs. Pana (18-13); Litchfield (24-8) vs. Paris (34-2).  
At Danville—Danville (14-12) vs. Gibson City (19-9); Champaign (29-3) vs. Hoopeston (24-2).  
At Decatur—Decatur (26-9) vs. Mount Pulaski (25-6); Clinton (25-7) vs. Springfield (20-7).  
At East St. Louis—Dupo (28-6) vs. Livingston (27-4); Collinsville (26-4) vs. Roodhouse (21-3).  
At Elgin—Dundee (26-2) vs. York of Elmhurst (17-6); De Kalb (14-9) vs. Waukegan (26-3).  
At Flora—Flora (21-9) vs. Lawrenceville (22-9); Altamont (32-2) vs. Mount Carmel (9-16).  
At Joliet—Joliet (13-14) vs. Oak Park (18-7); Aurora East (20-8) vs. Watseka (20-6).  
At Moline—Fulton (22-8) vs. Kewanee (25-2); Roosevelt of Alton (8-25) vs. Rock Island (20-6).  
At Mount Vernon—Mount Vernon (25-7) vs. Pinckneyville (27-7); Centralia (31-6) vs. West Frankfort (11-17).  
At Ottawa—Hopkins of Granville (20-11) vs. La Salle-Peru (8-14); Forrest (19-9) vs. Marseilles (21-5).  
At Pekin—Pekin (25-3) vs. Woodruff of Peoria (17-8); Chenoa (20-6) vs. Lamphier of Springfield (17-9).  
At Quincy—Routt of Jacksonville (34-6) vs. Pittsfield (21-8); Beardstown (23-3) vs. Quincy (18-11).  
At Rockford—Rockelle (13-10) vs. Rock Falls (22-0); Freeport (12-10) vs. Rockford East (22-1).

### LINEUP FOR FINALS

#### Upper bracket

Winner at Flora vs. winner at East St. Louis.  
Winner at Pekin vs. winner at Ottawa.  
Winner at Decatur vs. winner at Elgin.  
Winner at Carbondale (Univ.) vs. winner at Danville.

#### Lower bracket

Winner at Quincy vs. winner at Charleston (T.C.).  
Winner at Canton vs. Chicago Public League champion.  
Winner at Rockford West vs. winner at Moline.  
Winner at Mount Vernon vs. winner at Joliet.

### All-stars join with Stags double bill

Representatives from major colleges in the midwest, will be in the Chicago "All-Stars" lineup, when they face the Oakland (California) Bitters, one of the outstanding A. A. U. cage teams in the country, in the Chicago Stadium, Thursday night. The feature contest of the program, find the Chicago Stags facing the fast stepping Washington Capitals, in a Basketball Association of America game.

The college "Stars" are boys who have graduated, and are the choices of Ray Meyers, De Paul cage mentor, and Ed "Moose" Krause, of Notre Dame, who represent the coast champions, who recently defeated the AAU title holders the Phillips 66 Oilers. Special permission has been granted the Bitters to play on a professional program by the AAU.

A preview of what will happen in the BBAA playoffs, can be observed, when the Washington squad, the eastern leaders tackle the Stags, who are leading the western division. The "Caps" have made a run-away race of it, in the eastern sector and have one of the most powerful teams in the BBAA circuit. "Bones" McKinney, ex-North Carolina star and Bob Peerick, former Santa Clara star, who are third in the league standings are prominent members of the "Caps."

## Stroker, Kleiner rate berths on first team of mythical five

by G. A. McElroy (sports editor)

Crystal Lake's undefeated Tigers placed all their regulars either on the first or second all Northeast conference team selected by the Cook County Herald with the assistance of the league coaches. Bob Nelson and Don Holt made the first team while Marvin Krause, Fred Franz, and Len Scully had enough coaches votes to rate second team consideration.

Arlington Heights, runner up in the league with two losses, both to Crystal Lake, placed both Allan Stroker and Bill Kleiner on the first five. Stroker, six foot five center, who ranked second in the league scoring was placed at guard by nearly all the coaches, the same position in which he was given all conference honors last year. Stroker was a great feeder at the pivot position and a fine defensive rebounder. Kleiner, in his first year as a regular used his six foot three height to good advantage and finished third in the league scoring.

### Holt - Stroker - Nelson lead in coaches' poll

Don Holt, who with Stroker and his team mate Nelson, got first team votes of all the coaches except one, was the leading scorer of the league with a new record total of 235 points. Holt, a six foot six center, was the outstanding performer in the league with Stroker a close second. Bob Nelson spark plug of the Crystal Lake team was all-conference last year but this season missed four games due to an injury in the last part of the season. Never the less he got first team votes from all but one coach and tied with Holt and Stroker in the voting.

### Bornell, best guard in the league

Bornell, outstanding guard of the Libertyville Wildcats, was a consistent performer all year. Bornell was the highest scoring guard in the league and last season.

### Dundee wins

## Cards, Pirates hang up suits at regional meet

Dundee, number one ranking team in Illinois in both United and Associated press polls, proved their right to that position by winning from Elgin, second ranking team, by 37-26 in the regional final. The game was one of the best played in Northern Illinois this season.

Dundee's rebounding, ball handling, dribbling, and shooting was state championship class and after the opening quarter there was no doubt of the outcome. Dundee stopped Elgin's famous fast break cold. They set up a semi-zone defense which shut Elgin away from any close in shots. Dundee had the edge all the way against a team which was good enough to whip anything else in Illinois but had to check out in the first tournament in the state series.

Jim Schuldt, a sophomore, was high scorer of the game with 11 points. Bud Grover got 10 and Don Schuberg, a junior, tossed in eight for Dundee. Sunderlage, one of the best forwards in Illinois, scored 10 for the losers.

Palatine and Arlington were neither one at full strength in the regional due to illness but neither could have coped with teams like Elgin and Dundee anyway. Palatine lost to Elgin 55-23 trailing 30-6 at half time but recovering to play a good second half. Dick Kolze finished his prep career by scoring 11 points against Elgin which incidentally was exactly his average per game for the season of 23 contests. Sunderlage scored 19 for Elgin and "Red" Farney got 12.

Arlington, minus their all conference center Stroker, played well enough to win for three quarters against Hebron, the district champ. Going into the final quarter the Cards sported a 27-19 lead but they went to pieces under the hot shooting of Tibbitts of Hebron and were beaten 21-4 in

### WOODSTOCK REGIONAL

#### First round

Dundee 75 McHenry 24  
Crystal Lake 44 Woodstock 32  
Elgin 57 Palatine 23  
Hebron 40 Arlington 31

#### Semi-finals

Dundee 59 Crystal Lake 39  
Elgin 60 Hebron 36

#### Finals

Dundee 37 Elgin 26

the final period for a final tally of 40-31.

Hogreve, subbing for Stroker, did well enough as a scorer with 11 pts. while sophomore Bill Robinson scored 12. Kleiner, third high scorer of the Northeast Conference had a very bad night. The big Arlington forward took the most field shots and hit rarely a one. Tibbitts of Hebron, best player on the game, scored 19 points.

### 45 point average

## Arlington ends season with 17-5 record

Outdistancing their opponents by a 12 point margin was the record of the Arlington Heights varsity cage squad this past season as revealed in a compilation of the year's record for all games played. Arlington's loss to Hebron last week was the locals' fifth loss against 17 victories for the year.

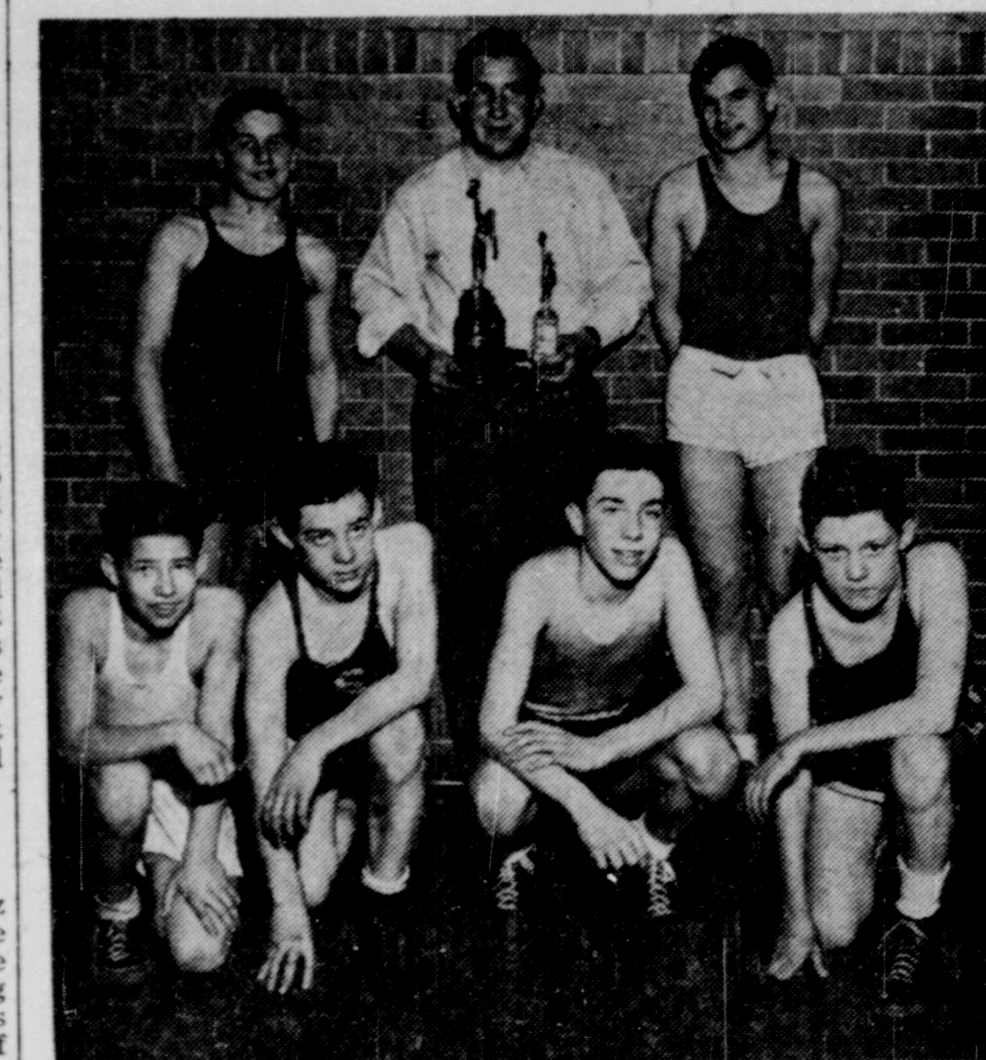

The Cards lost just two conference games, both to Crystal Lake, and were runners up in the league. They split with Palatine and lost to Fisher, Ill., during the Christmas holidays for their other four losses. Conference record was 10 and 2.

Leading scorers for Heights were Stroker with 271 and Kleiner

### NE champs, too

## Top-notch cage teams to play Palatine tourney next week

### Championship game Monday

The captains of the competing teams in the Arlington Athletic Association sponsored Junior Basketball League tournament pose with the trophies before starting semi-finals last Tuesday. Holding the trophies, donated by the A. A. U., is tournament chairman Norm Busse. Team captains and the team they represent are, back row, left to right: Schultz, Mt. Prospect Lutheran; Kovack, St. James; front row, left to right: Allen, Presbyterian; Hoeft, St. Peters; Fasick, Mt. Prospect Public; and Prellberg, Methodist.

## It's St. James vs St. Peters for junior cage crown

The St. James and St. Peters quintets bested their opponents last Tuesday night in the semi-finals of the Arlington Athletic Association sponsored Junior Basketball League tournament and will fight it out Monday night for the championship and A. A. U. trophy in the Arlington Heights high school gymnasium.

In the curtain raiser the first place St. James team overran the Mt. Prospect Public School entry by a score of 29 to 12. The second place Presbyterian five were defeated by the fourth place St. Peters entry by a score of 33 to 26.

Next week's championship game will be played in the high school gym so that a larger audience can be accommodated. All games in the tourney so far have been played at the Presbyterian church gymnasium.

Sport fans who like to see spirited action in a basketball floor are urged to make a point of taking in the championship game as these eighth grade youngsters play an exceptional brand of basketball with plenty of action at all times.

## LaLonde Realtors to play this week at Libertyville

Libertyville's first annual invitational basketball tournament, which finds the better teams from four northern Illinois counties, Kame, McHenry, Cook and Lake competing, under way Wednesday evening, March 12, in the Libertyville high school gym.

The honor of opening the invitational fell to Westside AC of Waukegan and Dundee's crack quintet.

Other drawings pit Libertyville against Lake Forest, Highwood vs. McHenry and Palatine against St. Joe's. Any one of the eight competing clubs could come through with the trophy.

Westside AC could be the surprise team, although they drew a tough assignment in Dundee. It is rumored that Dave Allen, all-state high school cager from Waukegan will play with the AC's, which would make Mike Rose's quintet the one to beat.

Both Palatine and St. Joe's are in Libertyville's bracket and the pair each hold a triumph over the hosts. Palatine's team has been one of the hottest in Cook county and appears to be the darkhorse of the tourney.

Individuals who desire to see all tournament games can buy a ticket for \$1.00.

Schedule:  
Thursday, March 13, 8 p.m., Highwood vs. McHenry, 9 p.m., Palatine vs. St. Joe's.

The First Annual Invitational Tournament that will be sponsored by the Palatine American Legion has drawn some of the most outstanding independent teams in Northern Illinois. The tournament will get under way Wednesday, March 19 at 7:30 p.m. and will run through Saturday March 22.

The drawings for this colorful tourney have not been made yet but will be announced shortly. The Zarnet Oilers representing Dundee come into the tournament with the best record (25-2) against top flight competition; having whipped such formidable opposition as the Hebron A. C., Waukegan Moose, DeKalb Hybrids, LaLonde Realtors, and Freeport All-Stars. The two defeats came at the hands of the CYO champs 40-37, Hines Hospital, and Hebron A. C. Dundee lists such players as Ronnie Schumacher, ex-all stater and Northwestern star, Dick Menke, brother of the illustrious Whiz Kid Kerny Menke, and Bob Elbert All of Dundee's players have played on championship teams at the Dundee High School.

Another team from the Fox Valley that will compete in the tourney is the Howell Mfg. Co. of St. Charles. This team has a record of 20 wins against 10 losses and has just won the Fox Valley League at Elgin. This outfit boasts having Bob Morton of Elgin who later starred at Illinois, and two of Elgin's stars of this year, Bob Farney and Don Sunderlage whom Howie Braun, Freshman basketball coach at Illinois, regards very highly.

The local color will be provided by the LaLonde Realtors who ran up a string of 18 wins before being stopped by the Elmhurst Rockets. The Palatine team has a record of 21 wins against 4 losses. The team has whipped such rugged teams as Howell Mfg. Co., Libertyville, Crystal Lake, and Marengo. The team is composed of the best players that have competed for the Maroon and White in the past 6 years. Hildebrandt, Hollinger, Stinson, Ray and Bob Howie, Jim Milley of Arlington, Snyder, Vogt, and possibly Bucky Harris and Dick Kelze.

Surprise announcement was received Monday night of the week when it was learned that Crystal Lake high school squad, operating under the name of Pine Moor will play in the tournament. The Northeast conference champs have accepted the invitation with the full high school team slated to appear.

Another excellent team that has an outstanding record is the Woodstock VFW which has taken over the Hebron A. C. This team has played some of the best professional teams in the country. They have beaten Sheboygan Redskins of the National Professional Basketball league and were just beaten by Oshkosh of the same league. The team is virtually the same team that went down state for Hebron high school in 1941 and augmented by some good Woodstock players.

The Elmhurst Rockets which defeated the LaLonde Realtors last Monday have a strong team being supported by members of the Elmhurst college who have closed their season. Not to much is known about the West Side A. C. as the roster list is not in at this writing. The team is coached by the popular whistle blower "Mike" Rose. The team has played up in Wisconsin and has a record of 22 straight wins. Among the victims of the North Chicago quintet are Great Lakes and Waukegan Moose.

### Make pairings

Complete pairings were released Wednesday morning by manager Bud Nangle. They include eight teams with first round Wednesday night, second round Thursday, semi-finals Friday and finals Saturday night.

#### Wednesday

Game No. 1: Howell Mfg. Co. of St. Charles vs. West Side A. C. of North Chicago, 7:30 p.m.  
Game No. 2: LaLonde Realtors of Palatine vs. Elmhurst Rockets, 9:00 p.m.

#### Thursday

Game No. 3: Zarnet Oilers of Dundee vs. Pine Moor of Crystal Lake, 7:30 p.m.

Game No. 4: Woodstock VFW vs. Itasca Walther League, 9:00 p.m.

#### Friday

Game No. 5: Winners of 1 and 2, 7:30 p.m.  
Game No. 6: Winners of 3 and 4, 9:00 p.m.

#### Saturday

Game No. 7: Losers 5 and 6 for consolation, 7:30 p.m.

Game No. 8: Winners 5 and 6 for championship, 9:00 p.m.

Prices for tickets will be 50c and 30c for the Wednesday, Thursday, and Friday games while the prices for the finals Saturday will be 75c and 50c. Two games will be played each night with the championship game and consolation games being played on Saturday. It should be one of the outstanding events on the sports calendar for Palatine and if the tournament is a success Palatine will see the best basketball in this area every year as the plans call for an annual tournament.

## 10-7 record Five men score all but 12 of Bisons' 745 cage points

Five men accounted for all but 12 of Bensenville's 745 points the past basketball season, it was revealed this week in a summary of the Bisons' record of 10 wins, 7 losses. Conference tally was 9 and 5.  
Thollander led the way for Coach Meneguini's boys with 210 points for the season, with his 33 against Northbrook setting a new high for a single contest. Borg and Vuglar were practically even in the standings, the former gaining 69 baskets and 25 free throws for 163 points, and the latter 58 buckets and 46 charities for 162. Robertson was just over the hundred mark, while Steffensen was just under.  
Bensenville started slow, losing three of their first four contests. They improved from there

on it, however, ending the conference season with five wins in which they scored more than fifty points. They were rated the most improved team at the end of the season.  
Offensively, the Bisons averaged six points over their opponents. They averaged 44 points per game to 38 in the enemies' camps. Their high tally was 72 against Northbrook, with a low of 25 against Ela in the season's opener against Ela.  
High for their opponents was Ela's 57 tallies in that same contest, with Wauconda rating the low of 28.

**Bensenville varsity individual scoring**

### 'til next year

## Kolze, Pepper, Orzolek and Kendzie top Pirate scorers

Palatine recently completed a highly successful basketball season with both frosh-soph and varsity teams ranking third in the Northwest Conference standings. The Palatine varsity coached by J. E. Stutzman was a contender right down to the final week of the season. Then a three point Palatine handed Ela one of their two defeats on the Lake Zurich court in early January 39-31. Palatine had a habit of losing to the second division teams. They opened the season with a 39-19 loss to Wauconda whom they trounced 69-39 later in the year. They also dropped a game to Northbrook 40-37.  
Highlight of Palatine's season was a pair of victories over second place Barrington. Palatine has won 14 out of the last 16 varsity basketball games played with Barrington in the Northwest Conference. The Pirates won 13 out of 20 games in their regular schedule for the 11th straight year with better than a 60% record of victories and best performer by quite a margin on Palatine's team was Dick Kolze, senior center. Dick scored 265 points and in addition was a team player who did not in reality take enough shots. He was the best defensive player in the league. Last season Kolze played guard.  
Dick Pepper, a junior guard, scored 203 points and is expected to be the mainstay of next year's team. Kolze made the first all conference team and Pepper the second squad. Bob Birks, Marv Zoellick, and Harry Gustafson made up the starting team most of the season. Zoellick was the most improved player over the previous season. Steinbrink, and Haemker, sub forwards, will return with Pepper as the nucleus for next season's varsity.  
**Frosh-sophs exceed expectations**  
Coached by M. M. Plate the Palatine frosh-soph team won eight and lost six in the conference with a rank about four notches higher than expected at the start of the season. Mainstays of the junior team were Frank Orzolek, sophomore center and Jim Kendzie, freshman forward, who led the team getting by a substantial margin. Orzolek scored 127 points while Kendzie got 112. The frosh-sophs lost twice to Barrington and Bensenville and away at Ela and Wauconda.  
Boys who played enough to be given consideration for letters are Frank Orzolek, Jim Kendzie, Marv Zoellick, Richard Collignon, George Vesely, Ralph Meyer, John McDonald, Kenneth Schroeder, and Keith Schinkowsky.

## Realtors lose after 18 in row

The LaLonde Realtors finally ran into their Waterloo last Monday when the Elmhurst Rockets took the measure from the Realtors 61-48. Up to that game the Realtors had a win streak of 18 games which was snapped. However, the Realtors have the consolation that they were playing without the services of Hildebrandt, Snyder, and Stinson, 3 regulars that couldn't make the trip.  
The Realtors were in the game up until the middle of the 2nd quarter when the Rockets began to hit the net consistently and took a 28-21 lead which they added to in the third quarter. The third quarter ended with the Rockets leading 43-27. However, in the last quarter "Cider Bill" Vogt got the range and hit for 5 straight one handers from way out to pull within 3 points with three minutes of playing time remaining. Here the Elmhurst boys braced and began to hit the basket with uncanny accuracy and pulled away to a 61-48 win.  
LaLonde Real. (48) Elm. Rock. (61)  
B P V F  
Hollinger 4 3 1 Alfr 6 4 1  
Vogt 5 3 2 Remce 0 0 2  
Howes, Bob 4 2 1 Kindl 3 0 3  
Milly 1 1 2 Sietorf 3 0 2

Howes, Ray 2 1 4 Prega 0 3 5  
Vavol 4 0 2  
Brumce 0 0 0  
The reserves had a rough night, playing an uphill battle all of the way. Itasca got off to a long lead of 20-7 in the first quarter or some good shooting and passing by R. Mensching and Hoppensteadt. The Palatine boys were as frigid on their shots as the weather outside in the first half which ended with Itasca on the long end of a 31-21 count. The Realtor reserves came out to give the Realtors a halftime margin of 32-12.  
Bob Howes got hot in the third quarter and used his height to a good advantage as he scored all of the Realtors points in this quarter while Highwood was garnering their balanced 10 points to give the Realtors a third period 46-28 advantage. Howes continued his scoring in the fourth quarter as all of the Realtors fast broke the Highwood boys to defeat.  
Three tournaments are on schedule with the first being played at Libertyville the week of March 10, the local tournament the week of March 17, and concluding with the Inter-State tournament at Rockford the last week of March.

## Toronto boys club to box next week at Libertyville

One of the major boys' boxing attractions of the year is scheduled to take place at Libertyville Saturday evening, March 22 when the Toronto, Canada, boxing team meets the Libertyville Boys' Club squad.

This international boys' boxing meet is not the first between the two rival squads. Back in 1939, the Toronto team visited the Lake county village.

Through the efforts of the Libertyville coach, Frank Gilmer, arrangements were completed last year for the two boxing squads to clash at Libertyville. Next year the Libertyville group will trek to Toronto.

The Libertyville Boys' Club is spending over \$1,000.00 to bring the Toronto team to their community and are hopeful that northern Illinois fans will support the cause to the limit.

It is anticipated that close to 3,000 spectators will jam-pack the spacious Libertyville high school gym. The largest gathering was 2,500 back when Culver Military Academy journeyed to Libertyville.

Libertyville's boxing team is a member of the Lake County American Legion boxing conference whose membership consists of Waukegan, Highland Park, Lake Forest, Libertyville, Mundelein and Fox Lake. The Libertyville team competes with more out-side competition than any other league member. Recently they travelled to Charlottesville, Virginia, performing at the University of Virginia.

## Mac Says —

(Continued from Page Seven)

can get some early competition and more that they may see the best in the state in action and get some pointers on the events in which they are interested through seeing top performers in action.

One of the first outdoor meets scheduled in this area is Libertyville at Palatine April 3. However, if the weather should break, some might be held in March. Last season Palatine met Bensenville in March and the year before engaged both Arlington and Bensenville before the first of April as the uncertain Chicago weather turned balmy for a two week period.

Coaches make plans for spring sports

Northwest conference coaches met at Wauconda last Friday afternoon to schedule spring sports and discuss the qualifications of basketball officials. They voted to hold the Northwest conference track and field meet at Palatine Tuesday, May 21, at 6:00 p.m. Subject to approval by the league principals a motion was passed to award medals for five places and assess an entry fee of \$1.00 a man up to a team of six and a flat \$10.00 fee for teams having more than six entries. The same rules as for previous meets voted in which include among other things a limitation of three events for any one person including relays.

The coaches approved the re-

## Septic Tanks Pumped Out The Modern Way

Hunters note

**Propose changes in  
state game, fish code**

Representatives of the three  
major groups most vitally con-  
cerned with sound wildlife and  
fish and water conservation have  
formulated a proposed series of  
recommendations for the 1947-  
1948 Illinois fish and game code.  
The group conference was ar-  
ranged by the Illinois Federation  
of Sportsmen's Clubs, and it was  
attended by officials and techni-  
cians of the Illinois Natural His-  
tory Survey and of the Illinois  
Department of Conservation. The  
Federation presented resolutions  
and proposals made by affiliated  
chapters, county and zone or-  
ganizations throughout the state.  
Some of the proposals drew  
long discussion, and many of the  
suggestions made were not ap-  
proved; however, every sugges-  
tion made was considered. The  
recommendations of the Legisla-  
tive and Fish and Game Code  
committees of the Federation,  
which follow, will be presented  
for final action by the Federa-  
tion at its annual meeting in  
Springfield February 22 and 23:

1. That the pheasant, quail  
and rabbit seasons open at noon  
on the third Saturday of No-  
vember throughout the state;  
and that the pheasant season be  
15 days; and the rabbit season  
end on January 31.
2. That the commercial trap-  
ping of rabbits (that is, for mar-  
ket purposes) be prohibited in  
the Northern Zone.
3. That the Natural History  
Survey and the Game Manage-  
ment Division of the Depart-

Sun lamp bulb over  
tub is practical

You have to use a sun lamp  
regularly if you are to benefit  
from its health-giving ultraviolet  
rays—yet many users expect the  
same tanning effect from a half  
hour spent under a sun lamp  
that they would get from 18  
holes of golf on a sunny day,  
or a whole afternoon spent on  
the beach.

Now that sun lamps are avail-  
able in the form of a single bulb,  
consider the advantage of using  
one recessed in the ceiling above  
the bath tub, or over the mirror  
in the bathroom, or even in the  
bathroom ceiling fixture. This  
way, all members of the family  
benefit from the rays of the  
lamp with more or less regular-  
ity.

The sketch above shows a  
General Electric sun bulb re-  
cessed in the ceiling over the batht-  
tub, simply installed with a por-  
celain socket and a six-inch  
metal reflector. The rays come  
through a hole in the ceiling,  
since glass would screen out  
some of the beneficial properties.

A drop ceiling over the tub  
gives the best results, since it  
brings the bulb closer to the per-  
son sitting in the tub. The lamp  
can be as close as 24 to 30  
inches from the person, who is  
advised to start with a six min-  
ute daily exposure and work up  
to longer periods under the bulb.

Petroleum Distillates

Distillation products of petroleum  
form the base for contact sprays  
applied to dairies and other food  
processing plants, warehouses, pub-  
lic buildings and residences, for  
controlling flies, cockroaches, bed-  
bugs and other pests. Large quan-  
tities of petroleum products are also  
applied to plant life in the form of  
emulsions for the control of such  
pests as scale insects. Petroleum  
sulfonates are used as emulsifying  
and wetting agents.

Varsity in '47-'48

Schaeffer is scoring  
ace of Heights J-Vs

Arlington Heights junior-varsity  
basketball squad, coached  
by H. W. Grace, has completed  
a creditable season this year,  
compiling a record of 13 victo-  
ries against 7 losses. Although  
gaining an even 6-6 fourth place  
rating in Northeast conference  
competition, the junior Cards  
won 7 of 8 non-league contests,  
losing only to Belvidere by two  
points.

Orville Schaeffer captured  
scoring honors for the team with  
147 points, while John Shanley  
was just five baskets behind.  
Phil Roche and Walter Beckman  
tallied 71 and 64 scores respec-  
tively. Beckman won the award  
for biggest percentage of free  
throws made among the J-V let-  
termen with a .538 percentage  
against Schaeffer's .521.

Fifteen Arlington boys earned  
minor "A" awards, having play-  
ed in 20 or more quarters dur-  
ing the season. Of the group  
listed Robinson was advanced to  
the varsity after the first five  
tilts, which Arlington won by

er has 3.5 children.

the way, and Oberman, who sus-  
tained an injury early in the  
season.

Arlington's season average in  
offense and defense showed a  
five point advantage in basket-  
shooting, with a 32.75 figure for  
offense as against the 27.45 av-

erage for defense. The junior  
Cards also outscored their op-  
ponents in largest score of any  
one game with a 75 point tally  
on the Warren court, compared  
to the Leyden five's 46 tally in  
the Heights gym.

Lowest evening's score for  
Coach Grace's charges was 20  
against Woodstock on the Cook  
county court, with Warren  
notching but 7 tllies against the  
Cards.

High point men for a single  
game were Shanley and Schaeffer.  
Shanley notched 20 points  
at Warren, while Schaeffer sank  
18 points when host to Liberty-  
ville.

Complete scoring and quarters  
played for the 23 men playing this  
year is compiled in an adjoining col-

## Organize six-town baseball league for summer

### Northfield to vote on hard road tax

The Northfield highway commissioners have caused petitions to be circulated for an election on a special hard road tax to be voted on at the April election. The 1916 road tax levy, according to tax receipts, is 40% lower than is permitted and which has heretofore been made. The inference from that action would be that all the money available is not needed for Northfield's roads.

### Palatine people enjoying Florida

According to the Melbourne, Fla., Times, the Palatine colony at that place is to be enlarged. A recent copy received in Palatine states that our friend, J. A. Burlingame, has purchased several more lots, one of which he presented to his wife as a birthday gift. The paper also chronicles the landing by Mr. Burlingame of a 36-lb. sea bass, which is one of the several large fish caught by him and which is earning for him a reputation as one of the best fishermen down there. We can picture P. A. giving Hiram and Wesley fishing lessons.

### For The Horses

We do repair work neatly and cheaply. We dip all our harness in Nourse's Neatslene Harness Oil. Double harness oiled for 85c. Be sure to use us if you need Harness, Collars, Axle yrease, Wagon Jacks or anything in the Harness Line.

Arlington Heights

## JUST AROUND the CORNER

Well, I see in the Arlington Heights Herald that the Cards lost, 40-31 to Hebron in their initial regional basketball tournament game.

It's a wonder to me that a town as small as Hebron can consistently produce such excellent players year after year. They have a population of only 27! This village is but a few miles east of us and we pass down the main thoroughfare on our way to Lake Geneva. Someone told me that the children begin to learn the rudiments of basketball in the first grades. And I have noticed that almost every back yard boasts a basketball hoop and whop. Perhaps that's the answer.

I was sorry to also read that Arlington High School did not win the North-East Conference this year as they did last year. Could it be that they missed a certain tall, handsome and aggressive guard on last year's squad? (That's a joke, Coach Pat!)

Seriously though, last year's top five players worked unusually well together. I hope you will forgive me for mentioning (with pride) that one of these players—a guard—right now is high-point man in the interfraternity league at Northwestern, helping to bring his fraternity to the first place in the leagues. The Daily Northwestern, campus student paper, mentions this particular guard as having played "smart offensive basketball."

In sixteen games he has totaled 129 points. Next week those teams at the top of their leagues will play off games until the winning league matches with and prowess with the all-stars to win the coveted trophy. Speaking of basketball, the town of Harvard is tremendously proud of an alumnus of the local high school, Bud Cook. Young Cook is the University of Wisconsin's outstanding player. His father and uncle are employees of the local post office, and I declare, I never go in there but what I hear comments on basketball. The people who work there and many others in the town, despite hazardous driving this winter, rarely miss seeing Bud play. Fortunately, none of them were present at Purdue when the wooden stands collapsed recently. They do intend to drive to Evanston this Saturday to see the second half of the game played by I. Evanston High School Gym.

Every afternoon at four one of the coaches of our high school here gathers together the boys of the 6th, 7th and 8th grades for an hour and a half of supervised basketball. They use the facilities of the elementary school building which has an excellent gym and shower-rooms. (Had to leave off my letter at this point for it was time to call for George at school. Edward is in bed suffering from a sore throat which likewise is affecting many of the children here.)

When George didn't come out of the building immediately, I went in to have a look-see. The first thing I heard was music coming from the orchestra room. It sounded quite professional so I tiptoed over to the door and peered through the window. It was dark inside with the exception of light on a movie screen. There were students present watching and listening to Josef Hoffman play a Rachmaninoff prelude.

I lingered until this part of the program ended, and then strolled down toward the gym doors. I didn't look in for I could hear what was going on—you guessed it—basketball practice. I turned a corner and came upon several boys playing ping pong. Another group was

At the third meeting held in Wm. Wille's hall, Mt. Prospect Friday evening to organize baseball the following towns were represented: Edison Park, H. Rothery; Park Ridge, Miller and Earl; Des Plaines, Haedicke and Fuller; Arlington Heights, Niemeyer and Johns; Palatine, W. H. Bull and H. C. Beckelman; Mt. Prospect, H. Haas and H. Ehardt. Haas and Earl were elected president and secretary respectively for two weeks.

Mr. Wallner, salesman for the Ashland Mfg. Co. of Chicago, well posted on baseball organization, gave a short talk and answered many questions that arose during the discussion. Those present will report to their clubs and it is confidently expected that at the next meeting Friday, March 16, each club will be ready to deposit \$25 to show good faith.

Bullen, Miller and Rothery were appointed to draw up bylaws. It was resolved to adopt the Wilson ball made by the Ashland Mfg. Co. of Chicago for the entire season. The organization will be known as the North Western Suburban League.

The schedule will comprise 20 games for each team or four games with each opposing team. The opening games will be played at Edison Park and Park Ridge, at Edison Park, Des Plaines, and Mt. Prospect at Des Plaines, Arlington Heights and Palatine at Arlington Heights. Professional players or ringers, the stumbling block of the clubs for the past seasons, are barred. The players for the second half of the season must have played in not less than four games or part of four games of the first half of the season of the respective clubs.

All for the sport of the game, not money, is the motto of the league. The management of the league will be vested in three disinterested prominent men. This will permit all managers, captains and players to devote their time and brains to the game. Gentlemen ball playing is what the public wants and it is hoped they will get it here this season.

—1917—

### Shermerville club gives show

The Shermerville assembly hall was crowded to the limit of its seating capacity Saturday evening, March 10, when the local Booster Club staged a minstrel show entitled "Plantation Memories." From the rise of the curtain to the closing chorus the program satisfied the audience.

The nine soloists were repeatedly encoored and the selections rendered by Edward De Lories, Fred Tronjo and Ed. Fable were especially popular. The crowd gathered an hour before the program began in order to get seats.

—1917—

### Farmers win milk advance

Advices from Chicago state that the bottling companies have agreed to pay the new prices asked by the Milk Producers Association and there will be no milk war, except for the poor consumers who may be asked to pay as high as 12c a quart. Even at the advanced price the farmers say they will not make as much money as they did a few years ago.

The promptness by which the bottling companies announced their willingness to accede to the demands of the farmers is no doubt due to the preparedness measures the farmers had taken.

## Tales

of the STREET

BY I. C. HART

### EARL SPRING?

The question as to whether or not this is to be an early spring is causing a lot of discussion among the "experts" this year. The first week of March kept right along the path blazed by February with each day some what below normal as far as temperature was concerned.

Louis Freise from out on the Northwest highway says that he looks for an early spring. Farmer Louie always likes to see a bright cold ground hog day. He says when we have such a day it usually means an early spring.

Well, we had such a day this year so on that basis farmer Louie looks for a break up about the middle of March and then for an early spring. Bill Kehe, ex-farmer and present rural mail carrier who does a lot of cruising about the country on that long mail route and who has plenty of chances to observe the weather says he can't see any signs of an early spring.

So there you have it with old time experts like that unable to agree on the question, what's an ordinary mortal going to do. Everyone seems tired of winter and probably we are all anxious to rush the season a little, to see that last of the ice and snow and welcome back some really spring weather, spring birds.

### RARE BIRDS

Some rare birds have been observed in the locality lately. Mrs. Davis from down on the south side has seen some white, black and yellow birds which seem to be the evening grosbeak, a variety of bird seldom seen in this locality. They are not supposed to get this far south and east, but like the foxes, deer and other northern inhabitants in recent years that have come south in search of food the grosbeak also seems to have got out of his regular environment.

Other species of the grosbeak family have also been noted in this area this winter.

### THE CACTUS

While on the subject of an early spring it might not be amiss to note that that famous cactus plant of August Hackbarth out there at Silent Oaks is still in full bloom and acting as if it never did want to quit blooming.

As long as that thing is acting up like that most anything can happen in the weather line and we don't need to be too optimistic about early spring as long as that thing is still blooming lustily.

In place of an early spring we are liable to be framing up for an April blizzard or two as long as that famous weather predicting cactus plant out there at Silent Oaks is still on a rampage.

### 6½ PEANUTS

One evening over at the bowling alley we heard a loud shout for the manager go up from a patron who was punching one of those peanut vending machines. "Six and one-half peanuts," shouted the customer.

"Just look at that. Where's the manager? I've been robbed." And the protesting patron held out his hand showing what he'd got for his penny, six whole peanuts and a half of another.

The manager told him to try the machine in the store, that he'd probably have better luck with that one, but one experience was enough for the peanut hungry bowler. No more vending machines for him, when he wants peanuts he'll get 'em in a sack.

### SEED ORDERS

Although the weather so far hasn't shown any signs of being gardening weather the boxes of vegetable and flower seeds are making their appearance in the stores and if a person is going to send away for some seeds it isn't any too early to be making out that order and getting it on its way.

Trouble with making up these seed orders, the catalogues are so full of beautiful flowers and tempting vegetables that the gardener doesn't know where to begin and where to stop when he gets to making out his order.

It's well to keep in mind the amount of ground the gardener intends to plant, and then to order the kinds of vegetables and flowers he and the family like best to fill that ground.

### WAY BACK WHEN

We had a fellow tell us the other day to tell the editor to get heavens sake cut out that "Way Back When" column. He said he's forever reading that column and thinking that he's reading some current news until he wakes up to the fact that what he's reading is something that happened 30 years ago.

It seems that others have the same experience as people are frequently trying to buy something or rent something that they saw in an advertisement in the "Way Back When" column, and thought they were reading about some present day marvelous bargains.

That "Way Back When" department furnishes a lot of fun and brings back a lot of memories to the old timers who can remember when that way back when stuff was life and current news.

### TAX NOTICE

Roy LaLonde showed us a tax bill from Minnesota the other day and a slip of information enclosed with the bill had the following notation in bold black type: "Please do not blame the treasurer if your taxes are too high as we have nothing whatever to do with fixing the amount of your taxes."

It looks as if that would be a good example for the Cook county and township collectors to follow. From now on taxes are going to be higher, they'll be higher this year and higher still in years to come.

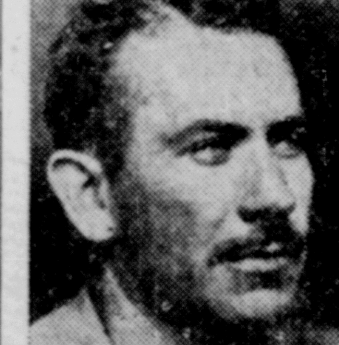

Maybe a notice something like this should accompany each Cook county tax bill. "The county treasurer and the township collectors are in no way responsible for the amount of

## READING & WRITING

BY Robin McKown

One of the most successful plots of all times is this: A group of people, strangers to each other, are brought together by chance. They are held together through some unforeseen accident, until the personality of each is revealed—not as it seemed on the surface but as it really is.

JOHN STEINBECK

This formula was followed by Boccaccio in the "Decameron," by Chaucer, in his famous "Canterbury Tales," and, in more modern times, in Thornton Wilder's "The Bridge of San Luis Rey." Now John Steinbeck gives it a different twist, in his new novel, "The Wayward Bus," which the Book-of-the-Month Club has selected for March.

The bus of the story is a short-run one in California, carrying passengers from the big Greyhound buses between Rebel Corners and San Juan de la Cruz. The driver and owner of the bus is Juan Chocoy, an Americanized Mexican, who also has a little gas and lunch station at Rebel Corners, and who is married to a woman older than he and afraid of losing him.

The other passengers include Juan's adolescent and devoted helper; Norma, a waitress, in love with Clark Gable; Mr. and Mrs. Pritchard on a holiday with their contemptuous and neurotic daughter; a salesman of gadgets; an old man determined in advance that the trip will end in catastrophe. But the dominating influence on the bus is Camille, a modestly dressed young woman who—through no fault of her own—has an irresistible lure for men.

It is because of Camille, however indirectly, that Mr. and Mrs. Pritchard indulge in their first public quarrel—they have always been known as such a happy couple. It is because of her, too, perhaps that Juan lets the wheels skid in the mud and leaves the stranded bus with the intention of not returning. The story ends with the bus safely on its way again, but the reader knows that none of its passengers will ever be quite the same.

## THE FENCE POST

Letters to the Fence Post should be short and concise. All letters must be signed, though name will be withheld if desired. Address Fence Post, Paddock Publications, Arlington Heights, Ill.

## Says Zenith signs should be a positive feature of every back yard of every happy home in U.S.

### LIFE OF ASSURANCE

In this troublesome world and atomic age, our children and their children are faced with the fact of the inevitable destruction which can be horrifying. I won't go into prospect of what the atomic bomb can or will do. You know and I know what the results are, according to scientists. My thought is of our children and the assurance and knowledge of someone greater than man who will give them a fearless outlook in this world, knowing as they grow up the fear and love of God, which is a better insurance policy than any insurance company can give.

I am not writing this as a plug for the new Mission church of Arlington Heights, of which I am a member. It all came to me as I was doing some work for a customer of mine. While painting a window I noticed those training planes flying about when the thought came to me.

Won't you send your children to some Sunday school and have them taught the love of God so that they may go through this life with a good understanding of things to come without fear.

Give them the assurance of the life to come and let them prepare themselves for it. That will be one worry from your mind, and to me it is a big one, knowing that when I die my children were taught and assured of a better world without fear.

Frank Leth  
3 E. Park St.  
Arlington Heights

### FEWER DIVORCES

Read in your paper last week that the Zenith sign at Mt. Prospect "transforms the appearance of a man wearing white pajamas in his own home into the likeness of the devil himself."

Now there you've said a mouthful. There you have the entire solution to most of the marital problems of today.

In how many cases do psychologists tell us lack of "retention of romance" is one of the biggest single factors in causing divorce? How many times do you hear of some couple breaking up their home, not just because they've doubled up with in-laws, but directly because marriage after the first year, or two, or three, settles down to an automatic, monotonous task.

The woman involved in any marriage became involved because someone was "nice" to her, showed her affection, did things for her. Before marriage the husband-to-be purchased flowers, candy and other gifts, all in the great game of love, retaining an air of mystery about him that made his "lady fair" like to be with him, to marry him, and enter joy life doing things with him.

Then comes the letdown when either husband or wife think that after the vows have been read, romance and mystery are thrown out the window. It is then that many marriages falter because the husband refuses to share regularly, quits bringing surprise gifts, settles down to reading the

evening paper without conversation.

And it is then that the women forgets most "beauty hints," meets her husband at the end of the day wearing soiled house dresses, her hair in a hasty knot, with few kind words of welcome and inquiry.

That is the time a good Zenith light is needed in every town, turning every man in white pajamas into "the devil himself," instilling a little interest and mystery in life, if only through the benefit of rose colored glasses or neon signs.

For after all it is just such lights that make Charles Boyer the dream man of many homemakers in America, that make Betty Grable and Lana Turner look just a little bit different than the girl next door.

Perhaps ninety percent of all divorce suits would be thrown in the ashcan if every back yard had a neon sign, glowing both night and day.

## Civil service examinations

It was announced by the Executive Secretary, Board of U. S. Civil Service Examiners for the Veterans Administration at Downey, that applications are being accepted for the positions of cook, baker and meat cutter. The salaries for a 40 hour week range from \$2020 to \$2469 per year, depending on the amount of experience shown in application. Additional compensation is provided for an authorized overtime worked in excess of the 40-hour week. Upon satisfactory completion of a probationary period of one year, appointments become permanent.

Further information and application forms may be obtained from the Executive Secretary Board of U. S. Civil Service Examiners for the Veterans Administration at Downey, Illinois; Regional Director, Seventh U. S. Civil Service Region, New Post Office Building, Chicago, Illinois; or from any first or second class post office.

All applications must be filed with the Board of U. S. Civil Service Examiners for the Veterans Administration at Downey, not later than April 14, 1947.

## ROA to meet, discuss general policies

The Cook County Chapter, Reserve Officers Association of the United States, will discuss the policies of the ROA on legislative proposals on military subjects at a meeting in the Knickerbocker Hotel, Tuesday, March 18. Legislation in which the ROA has a primary interest is as follows:

Universal Military Training; Inactive duty pay for Reserve personnel as now provided for the National Guard; Retirement pay for Civilian Components of the armed services; Unification of the armed services; Continued uniform allowances for future officers commissioned from the ROTC or other source; Equalization of rights and benefits for Reserve personnel on active duty for less than thirty days; Disposition of unexpended Officers' Club funds now held by the Secretary of War; Equalization of privileges for retired Reserve personnel with those of the Regular Army; Equalization of military leave for Civil Service employees to include members of the Enlisted Reserve Corps.

## Coast Guard announces cadet examinations

The United States Coast Guard Academy at New London, Conn., is accepting applicants for the 1947 entrance examination.

Applicants must be between the ages of 17 and 22. Physical requirements include 20/20 vision and a minimum height of five feet six inches. High school scholastic requirements include two years of algebra, one year of plane geometry, three years of English and one year of physics. For the first time, trigonometry will not be required.

Applicants for the examinations will be accepted until Mar. 31. The tests will be held May 7 and 8 in key cities throughout the U. S., to be announced later. Those who qualify will not need Congressional appointment for acceptance to the Academy, the Commandment said.

After four years of intensive training, cadets are graduated with a Bachelor of Science degree in engineering and commissioned as United States Coast Guard ensigns.

## Gems of thought

**CHOOSING**  
The strongest principle of growth lies in human choice.

—George Eliot.  
The measure of choosing well, is whether a man likes and finds good in what he has chosen.

—Lamb  
Choose always the way that seems the best, however rough it may be; custom will soon render it easy and agreeable.

—Pythagoras  
The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning.

—Mary Baker Eddy  
Men must be decided on what they will not do, and then they are able to act with vigor in what they ought to do.

—Mencius  
A determinate purpose in life and a steady adhesion to it through all disadvantages, are indispensable conditions of success.

—W. M. Punshon  
**Crabs Camouflage**  
Certain crabs have their shells covered by a forest of growing seaweed and sponges, which are "planted" there by the crabs themselves and which afford a very effective camouflage.

## It has a purpose

## Army seeks to find what flies like and where they go

Colonel John N. Gage, Commanding Officer of the Chicago Quartermaster Depot, in a statement made today, announced that scientists at Rutgers University, working on a research project for the Army Quartermaster Corps, are studying the problem of raising healthy houseflies in order to insure the accuracy of experimental work being done in fly control.

The subjects of the experiments must be as healthy as wild flies if the results are to be used as a measure of the effectiveness of various control methods.

Colonel Gage explained that these studies are a part of the basic research being conducted into the life cycle and behavior of houseflies under various environmental conditions. The program seeks to ascertain how houseflies react to temperature, light, humidity, wind, carbon dioxide concentrations, odors, and other factors.

In an effort to learn whether the application of agents to destroy the eggs or the larvae in selected localities may be better used as a means of control, the Rutgers scientists are studying the breeding habits of flies as well as conditions that affect the egg, the pupae, and the adult. Consideration is also given to the development of effective attractants and their possible use for the baiting of traps or poisons.

Although much study and research have been devoted to the housefly heretofore, there are many unanswered questions concerning their behavior. For instance, there is the question of their ability to see color, and if they can see it, whether they have a preference for one shade over another.

Three sets of tests have thus far been used. One test uses colored glass fibers, transmitting various colored components of daylight. Another test uses colored cards in which the total reflecting powers of the different colors are carefully matched. In a third test, flies are allowed their choice of foods containing different dyes. Some re-

sults of these studies appear to show, from among seven colors, a preference for green.

Answers to many other questions are being sought. Where does a fly prefer to rest, with respect to the shape, size and angle of the surface, and its texture and temperature? What distance can a fly travel in a single flight? How far can it migrate in its lifetime? Under what wind conditions will the fly seek shelter, rather than attempting to fly? All of these considerations will help to determine where and how to use insecticides for best control at least cost.

A cage was devised for studying the duration of life and the number of eggs deposited by isolated pairs of flies. The greatest egg production was during the first 10 days of egg laying, after which egg production gradually decreased. Although eggs were often deposited on consecutive days there was a tendency of the flies to rest for one or more days between egg laying. The greatest number of eggs deposited by one fly in one day was 162, and the greatest number for one fly during its life was 1,500. The longest duration of life for males was 32 days and for females 41 days.

Continuing its war-interrupted record of annual automobile sales leadership, Chevrolet in 1946 led all other makes in U. S. automobile registration. It was shown here today by the complete tabulation for the entire nation for the full year of 1946. This record, which includes both passenger car and truck registrations, gives Chevrolet an impartial rating upon which to base its claim of national passenger car sales leadership in 11 out of the past 12 production years according to T. H. Keating, general sales manager of this largest General Motors division.

With final reports tabulated March 1, including car and truck registrations, Chevrolet totaled 501,219, a figure that is 42,928 units greater than any other make in the industry, Keating said. Passenger cars accounted for 329,601 units; trucks for 171,618.

## IMMEDIATE DELIVERIES! The GIBSON ROUSTABOUT TRACTOR and BULLDOZER

Powered by 4-cycle, heavy-duty, single cyl., 9 hp., Wisconsin Air-Cooled Engine. Tractor turns in 6 ft. radius. Three forward speeds: 2, 4 and 7 miles per hour. The following equipment available: 4 ft. Bulldozer Blade, Rotary Slicer, 10- or 12-inch Mouldboard Plow, Mower Sickle Bar, Disc Harrow... designed for attachment to the Gibson Tractor.

This is the handiest, most versatile mobile tool you can own...

...if you are a building or construction contractor, industrial plant operator, lumberman, resort owner, wharf or dock operator, truck gardener, landscape architect, filling station operator, dairyman, fruit grower, livestock breeder, etc. It's ideal equipment for land leveling, ditching, filling trenches, clean-up work, snow removal, handling flats and doliess, pulling trailers, wagons, stone boats, shifting lumber trucks, breaking small ground areas, discing... as well as handling any belt job within a 9 hp. power range.

# Next-of-kin of gold stars to receive burial forms

Letters were sent last week to more than 20,000 next-of-kin of American dead who now rest in 15 of the 200 temporary military cemeteries overseas as the first step in determining the final resting places of those who died outside the continental limits of the United States during World War II, the War Department announced today.

Forms on which next-of-kin will be asked to indicate where they wish final burial to be made will be included in the letters. Similar letters and forms will be sent over a period of 18 months to all next-of-kin of World War II dead whose remains have been recovered and positively identified.

The first letters to be dispatched will go to next-of-kin of American dead who are now interred in the following cemeteries: United States Military Cemetery at St. Laurent, France; United States Military Cemetery at Henri Chapelle, Belgium; United States Military Cemetery at Cambridge, England; United States Military Cemetery at Nettuno, Italy; United States Military Cemetery at Gela, Sicily; European Cemetery at Casablanca, French Morocco; American Cemetery at Gafsa, Tunisia; American Cemetery at Tunis, Tunisia; Schofield Barracks Cemetery, Oahu, Hawaii; Hakawa Naval Cemetery, Oahu, Hawaii; Mokapu Cemetery at Kaneohe Naval Air Station, Oahu, Hawaii; Niihau Cemetery, Oahu, Hawaii; United States Army Cemetery at Homelani, Hilo, Hawaii; United States Army Cemetery at Makawao, Maui, Hawaii; United States Army Cemetery at Makaweli, Kauai, Hawaii.

Only a portion of the next-of-kin of armed forces personnel buried in the cemeteries at Henri Chapelle, Belgium and Cambridge, England, will be sent letters initially, due to operational considerations. In the future, however, the letters of inquiry will be sent to all concerned.

Next-of-kin may choose to have the remains of World War II armed forces personnel who died overseas returned to the United States for burial in a private cemetery; returned to the United States for burial in a national cemetery; buried in a permanent United States military cemetery overseas; or buried in a private cemetery in a foreign country which is the homeland of the deceased or of the next-of-kin.

## Veterans' loans

Nearly \$192,000,000 in GI loans have been obtained by World War II veterans in Illinois and northern Indiana, Veterans Administration officials reported today. More than \$12,500,000 of this amount was secured last month.

By March 1, loans had been granted 36,115 veterans, 90 per cent of whom used the money to construct or purchase homes. The remaining loans went for farm and business purposes.

VA commitments on all loans now total \$88,000,000.

## MILLION DOLLAR FLOWER SHOW OPENS MARCH 16

It will be blossom time at the International Amphitheatre in Chicago March 16, when the National Flower and Garden Show opens for an eight-day stay. Above, lovely Victoria Sherry, who plays the star role of Mitzi in the popular Schubert operetta, "Blossom Time," gets a preview of the show by posing prettily in a bower of flowers with a big bouquet of daisies in her arms. The National Flower and Garden Show, the premier spectacle of the floral world, is expected to attract a million dollars in flower and exhibits and displays from all over the nation and abroad.

## Questions on GI bill

Question: I joined the Navy October 7, 1946, and signed up for a 4 year hitch—to what benefits of the G. I. Bill will I be entitled when my enlistment is over?

ANSWER: When the war is officially terminated by Congress, your period of eligibility will be figured from the date of enlistment to the "end of the war"—and for that period entitlement will be based according to the provisions of Public Law No. 346.

QUESTION: How long after discharge does a veteran have to begin his educational benefits?

ANSWER: Four years after discharge or the end of the war which ever is the later date.

## Campaign to reinstate veterans' insurance before August 1

Veterans may now reinstate their war-time (term) National Service Life Insurance without a physical examination at any time before August 1, 1947. Under previous law the time expired February 1.

To reinstate, the veteran submits a statement that he is in as good health as he was when his insurance lapsed and remits two months premiums for the amount of insurance he desires to reinstate.

World War II veterans now send premium payments to Veterans Administration, Branch Office No. 7, at 615 West Van Buren Street, Chicago 7, Illinois.

For further identification, the veteran should write his insurance certificate number on the margin of his check or money order.

Reinstatement blanks and rate books are available at the office of IVC Service Officer Melvin L. Kehe at 210 N. Dunton ave., Arlington Heights.

## PATENTS GRANTED

The following patents have been issued in Washington: Walter H. Bockius, Glenview, metallic member for joining wooden elements in demountable interlocking relation.

C. M. Thacker, Highland Park and H. O. Folkins, Skokie, conversion of hydrocarbons in presence of carbon tetrachloride, etc.

D. L. Elain, Roselle and A. Crosby, Evanston, detonating indicating system.

## Child's Vocabulary

The average vocabulary of a two-year-old child is 272 words and of a six-year-old, 2,562 words.

## 4-H work covers most phases of farm operation

Boys—and girls—who belong to 4-H agricultural clubs can learn practically all aspects of operating a farm, from A to Z. Such a variety of projects is offered that there is certain to be something of interest to every rural young person.

In agricultural engineering are listed the use of farm concrete, metal roofing, farm electricity, and maintenance of the tractor. Crop projects are corn and legumes. Others are farm management, forestry and honey production. Horticulture projects include home gardening, commercial truck farming, and home grounds beautification, as well as potatoes and small fruits.

Livestock projects are beef, colt, dairy, dual-purpose cattle, poultry, rabbits, sheep and swine. Soil improvement and wildlife conservation complete the list. Agriculture clubs also participate in the party-a-month project, which is carried on throughout the year and which provides an excellent opportunity for young people to develop poise and the "social graces."

"Club work is now being organized in Cook County," states Farm Adviser Hughes. "The older clubs are led by Waldemar E. Schmidt, Assistant Farm Adviser. Martin Meyer and George Hansen are organizing new clubs. Prospective new members may write me for nearest 4-H Club locations."

## 'Film-coating' seed corn a big improvement

"The biggest contribution to corn growing since hybrid corn—a discovery which will give the average farmer 10 bushels more corn to the acre!" That's the opinion of both farmers and scientists who have seen the tests of the new film-coating for seed corn discovered and developed by A. F. Crow of Crow's Hybrid Corn Company, Milford, Illinois. This discovery is an entirely new and better way to protect seed corn from corn diseases which are usually abundant in the soil of most corn belt farms. This new coating promises to take much of the risk out of getting good corn stands, because it provides almost 100 percent protection to seed corn that happens to be caught by a week or two of cold, wet weather before it has had a chance to germinate and get up out of the ground. It replaces the dusting of seed corn with fungicides of different kinds, a practice which has been in use for about 25 years.

Two benefits stand out in tests of film-coating. First, it gives better stands. The discovery promises to do the most good by boosting 65 to 70% border-line stands to as high as 90%, in spite of cold wet weather after planting. Second, it causes a more even stand of strong, sturdy stalks. Weak stalks which end up the season with only a small nubbin, or no ear at all, will be sharply reduced by the new treatment.

Film-coated seed in scientific cold tests with closely controlled temperatures, has given astounding results. The results of one particular experiment, with trays held for 14 days in a cold chamber were as follows:

1. Untreated seed germinated only 6%.
2. Seed treated with the usual dust preparation germinated 65%.
3. Seed given the new film coating germinated 93%.

## U.S. demands

## Europe rehabilitation forcing food prices up

During the past two weeks we have had spectacular rises in the prices of a number of farm products, including hogs, corn and wheat. At least three factors are involved: the extremely strong export demand, the shortage of box-cars, and the maintenance of domestic demand at a very high level. Hog prices rose to \$30 at Chicago on the basis of moderate receipts, a very strong domestic consumer demand for both fats and meats and a strong demand for hams.

Wheat prices have been rising for several weeks as a result of the government's effort to export between 400 and 520 million bushels of grain this year. Corn prices have risen partially because the government said that wheat was too high-priced to buy for export and that they would shift emphasis to other grains. The extremely tight boxcar situation has prevented delivery of corn by farmers who wish to sell at current prices. These developments were not fully anticipated in recent forecasting by the writer.

The backlog of both foreign and domestic demand has pro-

## One-third of pledged onion sets now sold

Correcting some misleading information that has been circulated, Mr. John Benk, president of the Tri-State Onion Set Exchange, says that a little over one-third of the sets in the Exchange have been marketed, leaving considerably less than one million bushels, as reported.

The Onion Set Exchange has passed through a somewhat critical period and the "war of nerves" is on to maintain prices so that farmers may secure reasonable prices for their sets grown this last year.

It is pointed out that the Exchange definitely determines the market prices. In establishing the base of \$1.25 the non-members of the pool were enabled to clean up their crops from \$1.00 to \$1.20 this spring instead of low prices anticipated by the growers and dealers which probably would have been around 50c or less. While these offerings of lower priced sets have been on the market, Exchange members have, to a large extent, been largely kept out of the market at this time. Indications are that most of the non-contracted sets have moved through the market and from this time on the Exchange should have most of the business.

Not only this situation but extremely adverse weather in the south has delayed purchases at least a month or more. Also, the boom times for vegetable growers have passed and farmers generally are buying their seed late rather than early as was the case during the past few years.

Two payments have already been made to set growers and a good reserve is being held by the Exchange so that they may properly allocate payments as the pool is closed out during the spring months.

The governing body of the Exchange has announced their intentions to live up to the agreement that they have made with the growers and to secure control of the Onion Set market and avoid disastrous consequences of overproduction which has been suffered from time to time during the past.

A great many of the dealers, especially in the south part of the country, who are interested in farmers' securing a good price, are ready to cooperate with the pool and purchase just as soon as the market opens from the cleaning up of outside offerings at prices slightly below the pool prices.

The fact that the cooperative members have sufficient volume to support the non-cooperator a good market is one of the inherent characteristics of the cooperative than must be recognized.

Independent buyers will be in the market just as soon as lower priced sets have moved and the Exchange prices can prevail, which should be by about from this time on out.

## Seed Corn Grew 96%

After 14 Days in Cold, Wet Soil

Note the great difference in germination of seed corn planted on each side of this tray. Seed in both sides was taken from the same bag—soil was from a field where corn had grown 5 years. Tray was held at 47 degrees for 14 days—then given normal temperature—note the results.

## CROW'S

## FILM-COATED SEED CORN

This is a sensational, new discovery for hybrid corn. Insures seed protection in cold, wet soil. Unlike chemical "dusting," Crow's Film-Coated Corn sends the entire seed treatment into the ground with the kernel. The corn stays alive—produces a good stand—more vigorous plants—a better crop for you. Place orders now for spring delivery.

### March of Dimes fund still short of cash

Approximately \$50,000 more was spent last year by the Cook County Chapter, National Foundation for Infantile Paralysis, due to the second worst polio season in history, than was received from the 1946 March of Dimes, it is revealed in the Annual Report of the organization issued today.

A reserve fund, built up in the 1944-45 years when there was a much lower incidence of the disease, enabled the Chapter to continue its payment of medical treatment, nursing care and hospitalization for victims, in addition to costs of its other functions, the report shows.

Britton I. Budd, Chairman of the Chapter, in a note accompanying the report, points out that 133 children stricken in 1946 are still in hospitals for various phases of treatment for which the Chapter is paying an average of \$10 daily each.

"And, the 1947 polio 'season' still lies ahead," he said. "The Cook County Chapter is the only agency which pays for the care and treatment of victims of infantile paralysis in this area. Our pledge is being kept that no victims of this disease shall go without adequate medical care regardless of race, creed or color."

Returns from the 1947 March of Dimes campaign, recently ended, show a total of about \$525,000. Mr. Budd also reported. Contributions still outstanding may well bring the total considerably over \$600,000.

### Should register number of new motor for auto protection

The increasing number of installations of new or reconditioned motors in old cars today prompted Secretary of State Edward J. Barrett to urge that the owners register the change with the State Automobile Department.

The Secretary said that Illinois certificates of title are issued to cover the vehicle, and unless the motor change is recorded with the Automobile Department, as required, the car cannot be identified easily in case of theft.

Four things are required in applying for the change, Secretary Barrett explained. They are: (1) an application for the motor change, which can be obtained from the Secretary of State's office, motor clubs, notaries, automobile dealers or other local outlets where automobile forms are available; (2) the certificate of title issued to the vehicle; (3) a notarized bill of sale covering the engine installed; and (4) a fee of \$1.50.

In selling a motor removed from a vehicle, Barrett advised that the seller is required to give the purchaser a notarized bill of sale which shows the source of the motor, including the number of the motor, the number of the title of the car from which the motor was removed, the seller's name and address, and the purchaser's name and address.

**Hindquarters Tender**  
Hindquarters of beef weighing 200 pounds will yield 120 pounds steaks and roasts and 35 pounds stew and ground meat. About 60 per cent of the hindquarters will be tender cuts and 15 per cent will be less tender.

### Lesson in English

by W. L. GORDON

**WORDS OFTEN MISUSED**  
Do not say, "This kind of food (climate, exercise) is healthy." Say, "This kind of food (climate, exercise) is healthful." Healthy pertains to a state of health, as "a healthy child."

Anyone, one word, is an indefinite pronoun, meaning any person indiscriminately. "Anyone may enter whenever he wishes." In the phrase, "Any one (two words) of those boys will go," any is an adjective modifying the numeral pronoun one.

Do not say, "I shall be glad to patronize your store." Say, "I shall be glad to trade with your store." Patronize really means to give one's protection or support to.

Do not say, "He said that the candy was for you and I." Say, "for you and me," both pronouns being objects of the preposition for.

Do not say, "midnight yesterday," or, "midnight last night." Say, "last midnight."

Do not say, "He passed so quickly that it made his identity difficult." Say, "it made his identification difficult." The identity of a person is his individuality, or personality.

**WORDS OFTEN MISPRONOUNCED**  
Rarely. Pronounce rare-e-fi, three syllables, and not rare-fi.

Mesdames (plural of madam). Pronounce ma-dam, first a as in may, second a as in ask, accent, last syllable.

Mattress. Pronounce the e as in less, not mat-rus.

Rapine (a plundering). Pronounce rap-in, a as in rap, i as in in, accent first syllable.

Regalia. Pronounce re-ga-li-a,

e as in me unstressed, first a as in gay, i as in it, second a as in ask unstressed, accent second syllable.

Nuptial. Pronounce nup-shal, not nup-chal; u as in up, z as in shall unstressed.

**WORDS OFTEN MISSPELLED**  
While (in a space of time).

Wile (a trick or stratagem). Bungalow; not lowa. Presence (state of being present). Presents (gifts). Antecedent; antece. Antiseptic; anti. Stall; two l's. Stalwart; one l. Burlesque; observe the que.

**WORD STUDY**  
"Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Words for this lesson:

**PRESAGE** (verb); to foretell; predict. (Pronounce the verb pre-sa, e as in me unstressed, a as in sage, accent second syllable). "My dreams presage some joyful news at hand."—Shakespeare.

**ERRATIC**; not conforming to rules or standards; irregular. "He is a man of erratic habits."

**LOQUACIOUS**; given to continual talking. (Pronounce lo-kwa-shus, o as in obey, a as in ate, accent second syllable). "A loquacious person usually is very tiresome."

**MUNDANE**; pertaining to the world; earthly. (Pronounce the a as in ate, accent first syllable). "The defilement of mundane passions."—I. Taylor.

**CLANDESTINE**; conducted with secrecy by design, usually for an evil purpose. (Accent second syllable). "Their clandestine meetings were discovered."

4. Remove it with the fingers behind the napkin, and try to do it without attracting attention. 5. No; plain shoes with medium-height heels should be worn. 6. No, she should allow her guests to precede her out of the room. 7. No; address the envelope with the prefix "Miss."

8. There are many people who have the idea that to talk about one's self is bad form; however, most people do not think so. If the story one has is amusing or instructive, there is no reason why it should not be told. 9. The newspaper announcement is the most popular. 10. This practice is not frowned upon as it once was. It is better, however, to keep the elbows off the table until coffee and cigarettes are in order. 11. No; though he should have plenty of shirts, ties, socks, pajamas, and the like, and several good suits, but not necessarily new. 12. At about fourteen or fifteen years of age.

### Modern Etiquette

by ROBERTA LEE

1. Is it proper to put commas at the ends of the lines when writing an address?

2. Is the man's or the woman's name spoken first when introducing a man and his wife to a group of persons?

3. When a girl's parents are not living, in whose name should the wedding announcements or invitations be sent?

4. What is the proper way to remove some foreign substance that one has taken into the mouth while at the table?

5. Is it proper for a girl to wear fancy high-heeled sandals when working in an office?

6. When leaving the dining room, should the hostess precede her guests?

7. Should a woman's title be left off the envelope when writing a business letter to her and one does not know whether or not she is married?

8. Is it good form to talk about one's self?

9. What is the most popular way to make a public announcement of an engagement?

10. Is it proper to place the elbows on the table while eating?

11. Is an entire outfit of new clothes necessary for the bridegroom?

12. At what age should boys and girls be introduced in proper form?

#### ANSWERS

1. No; commas are no longer used in an address, the only one being the one inserted between the names of the city or the county and the state when they are written on one line. 2. The wife's name should be spoken first. 3. In the name of an

### Your weekly treat recipe

Many of us still are scurrying around looking for Lenten recipes. With this recipe for Egg Croquettes, your search should be over. I know that you'll enjoy the dish, and you'll want to save the recipe for the next Lenten Season.

#### Egg Croquettes

8 hard cooked eggs  
1/2 tspn. salt  
celery salt  
pepper  
1 cup thick white sauce  
1 egg  
2 tbsps. milk  
Bread crumbs  
Flour

Method: Chop the hard cooked eggs and mix with the white sauce and seasonings. Shape into croquettes. Beat the egg, add the 2 tablespoons of milk and mix well. Dredge the croquettes in flour, then the egg mixture, then the bread crumbs. Fry in deep salad oil until brown. Yield: 6 croquettes.

### Brides to be

Marriage licenses have been issued in Chicago by Michael J. Flynn, county clerk, to the following persons:

Raymond J. Lewerenz and Margaret Brennan, both of Des Plaines.

William B. Welch and Jane Weiss, both of Barrington.

Neil D. Kelso and Rose Frost, both Des Plaines.

Clyde Benson, Jr., Des Plaines and Anita Gasparich, Park Ridge.

Vinton Kanney and Helen Rust, both Des Plaines.

Frederick A. Adolph and Henry Bohmert, both of Bensenville.

Louis A. Weldhage, Glenview, and Evelyn Johnson, Winnetka.

#### Cause Chapping

Frequent hand washing is important to remove the dirt and dust that can cause chapping.

### In the future

THINGS TO COME—An automatic rotary ironer which folds into half size when not in use. . . . A vacuum cleaner with an automatically retractable cord. . . . A bagless vacuum appliance which deodorizes and scents the room while cleaning it. . . . A new insecticide, which is said to be as effective against beetles, flies, moths and roaches as DDT. . . . A plasticized synthetic coating to protect metal and concrete from acids and solvents. It adheres well to surfaces. . . . A midjet fluorescent lamp for small precision machines and fine surfaces. . . . A compound to soften water. It is also said to remove mineral and ionic impurities. . . . A chemical solution which can be added to paint to remove the odor. A few drops in a can are said to be sufficient. . . . A perfume kit which enables little girls to mix perfumes according to their preference. It is a sister kit to the one which enables boys to make their own dyes and inks.
